

# THE EVENING NEWS REVIEW.

51TH YEAR. NO. 256.

EAST LIVERPOOL, O., WEDNESDAY, APRIL 11, 1900.

TWO CENTS

## OLD COUNCIL'S OLD BUSINESS

**Electric Light Franchise Failed to Pass Under Suspension of Rules.**

## PAWNBROKER'S BILL PASSED

**After the License Fee Had Been Placed at \$100 Per Year.**

**ADJOURNED SINE DIE AT 9:40.**

Every member was present at the last meeting of the old council last night. A large audience was in attendance and each councilman wore a buttonhole bouquet, presented by Clerk Hanley.

The electric light franchise was placed on its second reading last night, but failed to pass under a suspension of the rules, Marshall, Fisher, Peach and Smith voting no on a motion to suspend.

The pawnbrokers' ordinance passed after Marshall had moved the license fee be placed at \$100 per annum. Ashbaugh, McHenry and Fisher voted no on the fee question and McHenry, Fisher and Smith voted against the passage of the ordinance.

An ordinance fixing grade lines on Spring street, Rigby's addition, was passed. This ordinance was referred to the street committee Nov. 22, 1898.

The ordinance to pave Fourth street from Market street to West alley was passed.

Pleasant street residents asked that the street be graded from Sheridan avenue to Lisbon street. The engineer and clerk will investigate to find out the tax valuation of the property to be improved.

East Liverpool Land company asked permission to pave Vine street through their property. It was referred to the street committee.

The auditing committee reported finding the books of the clerk and treasurer, street commissioner, water works and mayor to be correct.

The sewer commissioners were given \$2,000 on motion of Smith. Marshall didn't vote, as he wanted to know how council stood with the commissioners. Seckerson voted no.

Smith, McHenry and Fisher will act as a committee to confer with the Crockery City Brewing company to see if they can't settle that old bill for building the culvert on Tanyard yard.

A resolution to increase the salary of Clerk Hanley to \$780 per annum, or \$65 per month, was passed unanimously.

The Central District Printing Telegraph company accepted their new franchise and filed a bond for \$5,000. The finance committee will see if the bond is correct.

John Ryan was awarded the contract for paving Drury lane. He bid \$1.15 per square yard for paving and 83 cents per cubic yard for excavating. H. S. Rinehart bid \$1.18 per square yard for paving and 35 cents per cubic yard for excavating.

Clerk Hanley presented an abstract of the votes cast at the recent election, and stated that the mayor and marshal had been sworn in and had filed their bonds. He also said the assessors had filed their bonds.

The pay ordinance passed and no

mention was made of the Grim-Whan bills.

The old council adjourned sine die at 9:40, and a vote of thanks was tendered to the retiring president, Mr. Peach.

## SOME NEW LOTS.

Caused the Members of Council to Discuss an Old Ordinance That Is Not Enforced.

Last night a plat of some lots of I. Bentley Pope was presented to council for approval. The lots are in McKinnon's addition, and Engineer George stated that some people wished to build. Marshall moved that the plat go back to Engineer George and he be given instructions to establish the grades on the streets as the ordinance requires. George remarked that the ordinance required that the streets be graded, but council had never enforced it. Marshall said it ought to be repealed then, but Solicitor McGarry remarked that it would be a better plan to enforce it. The matter ended in George getting the plat with instruction to establish the grades.

## STREET WORK.

**It Cost \$6,493.78 to Care For the Streets During the Year.**

Street Commissioner Bryan made the following report of his work during the past year: Warrants drawn from the city for work done amounted to \$6,493.78, divided as follows: April, 1899, \$347.24; May, \$549.37; June, \$512.25; July, \$539.49; August, \$805.67; September, \$645.71; October, \$579.47; November, \$713.99; December, \$521; January, 1900, \$372.06; February, \$401.25; March, \$325.87; for East End street work in June, \$180.41.

The report includes the salary of the street commissioner, but does not include lumber, sewer pipe, tools and all labor done under his direction.

## CHANGED THE NAMES.

**A Number of Streets Will Receive New Titles When the Ordinance Passes.**

An ordinance was introduced in council last night to change the name of Maple street to Maplewood avenue; Elm street to Elmwood avenue; Chestnut street to Mulberry street; Hill road to Pennsylvania avenue; Washington street, Jethro, to Colenso avenue. The reason for changing the name is that more than one street in the city has the same name, and it is often confusing to the people.

## Realty Transfers.

Lisbon, April 11.—(Special.)—The following transfers are recorded:

O. H. Bates, executor of Christian Betz, to Jonas B. Campf, 111 94-100 acres, Salem township, \$3,470.14; Priscilla M. Keets et al. to Hannah S. Haviland, 5 12-100 acres in Salem township, \$250; Priscilla M. Keets et al. to Elba John, 100 acres in Salem township, \$3,958.

## A Veteran Miner.

H. T. Fisher, of Tombstone, Ariz., who has been here for several days visiting friends, left for the east this afternoon. He is interested in the mining industry in that state.

## Davis Went East.

Joseph T. Davis, of New York, who has been here for some time forming a compact among the potters, left for the east at noon.

## JUST A PLAIN LIE, NO MORE, NO LESS

**Ex-Consul Macrum Denounces That Story of Young Hay, Cabled From Pretoria.**

## THE PROOFS WERE ON FILE

**And Are There Yet If Not Abstracted Therefrom—Macrum Says He's Becoming Tired**

**OF BEING SLANDERED DAILY.**

Hon. Charles E. Macrum, ex-consul to Pretoria, South African Republic, seen this morning regarding the statement that Consul Adelbert Hay had failed to find any evidence of the consular mail being tampered with during Mr. Macrum's stay at Pretoria, said:

"While I do not take much stock in newspaper reports, this is such a palpable perversion of the truth that it is impossible to allow the matter to pass unnoticed, as it seems to have come from the state department. This statement is on a parallel with the malicious misrepresentations which came from the same department before I reached this country. If proofs of all my charges are not on file at the consulate in Pretoria, it is because they have been wilfully abstracted therefrom.

"In short I want to say that the statement published today is a lie, nothing more or less. I have been slandered and maligned until I have become tired of it."

## MRS. ROXY ANN TAYLOR.

**Funeral Services Held at Her Late Home Today Were Largely Attended.**

The funeral services over the remains of Mrs. Roxy Ann Taylor were held at her late residence on Jackson street this afternoon at 2 o'clock. The services were largely attended, and Dr. J. C. Taggart and Dr. Clark Crawford officiated. Interment was made in Riverview cemetery.

The floral tributes were many and very beautiful.

## Hon. C. C. Baker.

Alliance Star.

Mr. Baker is to be warmly congratulated upon his excellent run in both Columbiana and Stark counties. No higher compliment, except the actual nomination, could be given him than such an assurance of the confidence and esteem of the people who know him. Although he "fell outside the breastworks," he is too good a soldier to sulk in his tent when the battle is on.

Now let the Eighteenth district convention honor itself by electing Hon. C. C. Baker one of the delegates to the Republican national convention.

## River News.

The marks at the wharf this morning registered 10 feet and stationary. The Kanawha went south last evening and the Queen City is due down tonight. The Lorena is due up tomorrow. The city of Pittsburgh went south early last evening with a good trip.

## PROVED FATAL.

**DON T. MOWEN DIED FROM HIS INJURIES LAST NIGHT.**

**Pathetic Scene at the Deathbed—Dying Youth Admonishes a Companion.**

Don T. Mowen died at the home of his uncle, William C. Randall, on Virginia avenue, last evening at 6 o'clock, as a result of the wound he received yesterday morning. Although he received the best medical attention his life could not be saved.

Services will be held at the house on Virginia avenue, this evening at 8 o'clock, Rev. J. W. Gorrell, of the Christian church officiating. He will be assisted by the several East End ministers. The remains will be taken to Deerfield, his former home, tomorrow morning for interment.

A pathetic incident occurred at the bedside of the young man yesterday afternoon. He was conscious that he would die, and speaking to one young man, said: "Death is not, what I thought it was. I have no fear whatever. But before I go there is one thing I want you to promise me, and that is that from now on you will be a Christian."

The young man made the promise, and soon afterwards young Mowen sank into unconsciousness.

## THE LATE CITY SOLICITOR

**Attorney McGarry Has Faithfully and Conscientiously Served His Constituents.**

Attorney M. J. McGarry has the right to take just pride in the performance of the duties which he was sworn to perform during the past two years in his position as city solicitor of East Liverpool. The records, which speak louder than words, will show, beyond successful contradiction, that, to a very large extent, he has sacrificed popularity to a strict sense of justice, in his endeavor to protect the best interests of this city and the welfare of her citizens. The late election demonstrated the fact that Mr. McGarry has a solid following of staunch friends in East Liverpool—friends who have stood by him in the past and who will stand by him in the future. Mr. McGarry has come up from the ranks, from among the toilers. He was an earnest student in his efforts to acquire legal knowledge, and success has crowned his efforts. He is an indefatigable worker, believing that it does not pay to be slothful in business. Best of all, he is but a beginner, having talent, youth, energy and perseverance upon his side of the ledger, and we predict for our young townsman solid and lasting success in the profession he loves so well, and which he has chosen for his life work.

## Entries Coming In.

George H. Hale, of East End, this morning received word from W. H. Stevenson, the one-armed bicycle rider of Detroit, stating he would be here to take part in the races May 30. Indianapolis also sent entries.

## Measles.

Yesterday afternoon a case of measles was reported to the health department and the house was promptly quarantined. The case is at the home of William Tower, Chester avenue.

## Typhoid Fever.

Lida Akens, of Halles street, is ill with an attack of typhoid fever.

## NEW MEMBERS WERE SWORN IN

**Arnold, Cripps, Nice, McLane, Heddleson and Marshall Councilmen Now.**

## MAYOR DAVIDSON PRESIDED

**The Monday Night Caucus Appearances Were Ratified Unanimously.**

## MARSHALL'S NEW COMMITTEES.

Mayor Davidson called the new council to order last night at 9:50 o'clock, and the new members, Cripps, Marshall, Nice, McLane, Arnold and Heddleson, were sworn in.

Nice nominated Marshall for president and he was elected unanimously. In taking the chair the new president made a very short speech, and, thanking the council for the honor conferred upon him, said he would endeavor to the best of his ability to fill the chair and rule impartially.

Peach nominated J. T. Smith for vice president and he was chosen unanimously.

Council then made the following appointments:

For members of the board of health—Dr. W. T. Norris and Dr. W. E. Mowen.

For members of the board of equalization—Smith Fowler and George Grosshans.

Mayor Davidson then presented his list of appointments, and they are as follows:

Police officers—Michael Mahoney, C. H. Morris, Clifford Dawson, Charles Gill, Willis Davidson and H. W. Aufderheide.

Fire chief—H. C. Morley.

City engineer—J. A. George.

President Marshall then announced his committees. They are as follows: Finance—Cripps, Peach, Smith, Fisher, McLane.

Claims—Smith, Heddleson, Nice.

Street—Peach, Arnold, Nice.

Police—Nice, McLane, Cripps.

Fire—Fisher, McHenry, Arnold.

Light—McLane, Heddleson, Arnold.

Wharf—Heddleson, Cripps, McHenry.

Rules—McHenry, Peach, Fisher, Smith, Marshall.

President Marshall then remarked that the people on Bradshaw avenue would like to see the new street committee.

Clerk Hanley stated that he had received several bonds of city officers. They were referred to the finance committee and council adjourned.

## Alliance's New Paper.

The Evening Star, the new Republican daily in Alliance, edited by Col. W. F. Henmar, and with R. S. Scranton as manager, has made its appearance and proves to be a bright and readable paper, full of local news and interest.

## Died Suddenly.

A small son of Mr. and Mrs. Simon Hought, who reside in a shanty boat at the foot of Union street, died yesterday after a short illness. The funeral services were held this afternoon, interment being made in Spring Grove cemetery.

# SUBURBAN NEWS.

## EAST END.

It was stated upon reliable authority yesterday afternoon that the gas plant, located in the hollow east of the plant of the Potters' Mining and Milling company, would be moved from the suburb to Chicago. Since the plant was erected it is estimated that in the neighborhood of \$100,000 has been expended in making experiments. Some important discoveries have been made in the making of gas from the ideas of the promoters of the works, but about these no one connected with the company will talk. The object of the promoters has been accomplished, and they are well pleased with their work.

The household effects of C. W. N. Young were shipped to Allegheny yesterday afternoon on the local.

There is much activity about the new school building on Erie street, and it will not be long until work on the walls will be begun. The brick work for the furnace has been started, and some parts of the furnace have been placed in position. The men who have charge of this work represent the firm which made the furnace. Several carpenters are also at work on the building.

Mrs. McDade, of St. George street, who has been quite ill for several weeks, is recovering.

A small child of Mrs. Henry Riley, of Dixonville, who has been under the care of a physician for several weeks, is recovering.

The men who attempted to secure the new Knowles China company to locate the pottery they intend to build in Chester in this part of the city, have not given up their work, and they are negotiating for the erection of another factory in that end of town. Chief among those who are trying to benefit this part of the city by securing new factories are Dr. W. M. Calhoun and Councilman John Arnold.

The meeting at the Second Presbyterian church this evening will be in charge of the pastor, Rev. N. M. Crows. Prof. R. E. Rayman will also address the meeting. Tomorrow evening the services will be in charge of Rev. W. M. Glasgow, of Wellsville. At 2:30 o'clock tomorrow afternoon there will be a special meeting, at which Rev. S. J. Boyle, of Martin's Ferry, will preside.

The retail price of oil in the suburb is decreasing rapidly, and if the prices continue to be reduced the consumers will be able to buy it for a song. The present quotation is eight cents a gallon, where a month ago the prices were 15 and 18 cents a gallon.

Born, to Mr. and Mrs. Angus McBane, a son.

Born, to Mr. and Mrs. Asa Geer, a son.

### CLERK HANLEY

Filed His Annual Statement of the City Finances and the Year's Business.

Clerk Hanley presented his annual report to council last night, and is as follows:

Overdrawn March 20, 1899.	\$ 54,135 60
In treasury March 20, 1899	5,841 76
Received during year	257,818 83
Paid out during year	251,274 81
Balance in treasury March 14, 1900	41,799 50
Overdrawn March 14, 1900	59,413 72

### Married South.

Miss Emma Southall, of Ridgeway avenue, left this morning for Louisville, Ky., where she will be married this week to Rev. William Scott. From Louisville they will go to West Point, Miss., where they will make their future home. Mrs. Scott will teach school at West Point.

All the news in the News Review.

## SOUTH SIDE.

Assistant General Passenger Agent Fred. D. Sankey, of the Pennsylvania lines west of Pittsburg, was on the Southside yesterday inspecting the Rock Spring park. Mr. Sankey said that a number of picnics and excursions would probably be run to Chester during the summer, and picnics were now being booked.

Rapid progress is being made on the 15 new houses Charles A. Smith is erecting on the Southside Land company's addition. The foundation for the fourth house has been finished and the second house is about ready for the roof. It will not be long until the entire set of houses are completed.

Garrett Mercer, who has been ill for several days, is able to be about his work.

Joseph Metz, of Highlandtown, spent yesterday in Chester calling on his many friends. He returned to his home last evening.

The construction force of the telegraph company have about finished the work of erecting the poles along the extension. The linemen have been working in the vicinity of Congo for the past few days and they will reach Chester before long.

The sale at A. S. Johnson's farm, near Asbury chapel, yesterday afternoon, was well attended. Most everything was sold, and at a good price.

J. W. Brunson, who intended to move his family to the Southside this week, will be unable to do so until the first of the month. The family will occupy a house on Carolina avenue.

A sale will be held at the late residence of Mrs. Ruth Huff one week from tomorrow.

Frank Oliver has commenced the erection of a new frame residence.

Travel on the Southside cars was very heavy yesterday.

Mrs. Christian Allison, who injured her foot several weeks ago by the breaking of a step, is recovering.

The ground for the pottery to be erected by the Knowles China company was staked off yesterday. The plant will be built on the east part of the C. A. Smith addition, near the Kinney farm.

### MAYOR BOUGH.

Collected Just \$1,342 From Fines and Licenses Last Year.

The annual report of the mayor of the city of East Liverpool for the year ending April 10, 1900, is as follows:

Received from fines and licenses	\$1,342 00
Fees collected by Mayor	540 39
Fees collected by Marshal	287 04
Fees due mayor	290 55
Fees due Marshal	158 75
Fines with credits	193 00
Credits	141 17
Fines due	315 42
Fines paid by service in work house	208 00

### ANOTHER DAMAGE SUIT.

George Knowles Says His Property on Avondale Street Has Been Damaged.

At a meeting of council held last night George Knowles presented a bill for \$463.35 for damage to his property on Avondale street by reason of a change in the grade. The bill was referred to the new solicitor who will make a report at the next meeting.

### JR. O. U. A. M. SOCIAL.

Pride of the East Council, No. 8, Jr. Order United American Mechanics, will give a social on Thursday evening, April 12, at their hall for members of the order and their ladies.

## ENGINEER GEORGE

Will Have to File a Bond This Year for the Faithful Performance of His Duty.

Marshall introduced an ordinance in council last night amending the ordinance creating the office of city civil engineer. The amendment says the engineer shall employ such assistants as the council may name and provides for a bond. Marshall suggested that the bond be placed at \$5,000, and said that was the only change in the old ordinance. He said the object of the ordinance was to hold the engineer responsible for any change in the grade of streets after it had been fixed by council. He said it would prevent many of the damage suits that council has to contend with, as the testimony in several of the past cases had made it look as though the grades had been changed after they had been established. The ordinance will do away with the changing of grades, even if a new grade will make a nicer street. The ordinance passed under a suspension of the rules, but McHenry and Smith voted against it.

### BUILDING INSPECTOR.

Cain Introduced an Ordinance Creating a New Office and Defining the Duties of It.

Last night at the meeting of council Cain introduced an ordinance creating the office of inspector of buildings and public safety. The ordinance provides that he shall be appointed by council for one year, but the amount of his salary was not named in the ordinance. He shall give a bond of \$1,000, with two sureties, shall be an architect, boss builder, foreman or journeyman with no less than 15 years' experience, and shall have an assistant when council deems it necessary. He shall have an office in city hall and keep a record of all transactions, permits issued and a statement of the class and description of every new building shall be filed annually with the council. He shall at all times note where buildings can be made more safe and shall keep an accurate record of all monies received by his department. The ordinance was permitted to go over to its second reading without comment.

### AFTER THE OPERA TRAIN.

After the Opera Trains From Pittsburg via Pennsylvania Lines.

During the grand opera season in Pittsburg, April 16, 17 and 18, special train arrangements will be made for the return of persons attending from New Castle, Steubenville and intermediate stations on the Pennsylvania lines; also from Wellsville, East Liverpool and stations on the Cleveland & Pittsburg division.

On the above dates train No. 341, which leaves Pittsburg union station at 12 o'clock, midnight, city time, for Cleveland, and train No. 47, which leaves the union station at 11:40 p. m., city time, for Steubenville, will be held until after the opera.

### COMING ATTRACTIONS.

Rentz-Santley Burlesque.

The premier in burlesque, the famous Rentz-Santley company, are announced for an appearance here tonight, April 11, at the Grand opera house.

"A Black Sheep."

Next Thursday evening will be one of merriment at the Grand, when Charles Hoyt's funniest concoction of melody and mirth will be presented. "A Black Sheep" is the quaint title, and it is said to be the brightest and breeziest of all this popular author's attempts.

## Do Your Limbs Ache?

Do you have any of the pains or fevers that give warning of the approach of rheumatism? Take TONGALINE in time. It will cure the worst cases of chronic rheumatism, but it is better to take it to prevent than to cure. For any pain or ache that cannot be accounted for TONGALINE is the best remedy. It has been prescribed for such pains by physicians for twenty years.

# Tongaline

takes away severe paroxysms of rheumatic, gouty or neuralgic pain quickly, yet it contains no morphine, opium or other dangerous drug. It reaches the seat of the disease by dissolving the poisonous waste matter in the system. It affects a permanent cure of rheumatism, gout, lumbago, sciatica, neuralgia, nervous headache, la grippe, etc. Sold by druggists for \$1 a bottle. Write for FREE book describing its uses.

MELLIER DRUG COMPANY, St. Louis, Mo.

## WINE OF CARDUI

### WOMEN WHO WORK.

St. Louis, Mo., Aug. 12.  
Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

# Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

# CITY ENGINEER'S ANNUAL REPORT

Shows That During the Past Year  
\$40,000 of Street Paving  
Was Done.

## CONDITION OF THE STREETS

Many Half Worn Out Because of  
Wear and Tear and Plumbers'  
Picks—Remedy Needed.

## THE VARIOUS IMPROVEMENTS.

Engineer John A. George's annual  
report presented to council last night  
was as follows:

To the Honorable Council:  
Gentlemen—I herewith submit for  
your consideration the report of the  
work done under the supervision of  
the engineering department for the  
year ending March 31, 1900. The fol-  
lowing table shows the streets im-  
proved and completed during the  
year, with the cost of the same as  
per contract price for the same:

	Total Cost.
Bradshaw avenue .....	\$ 3,237 49
Pennsylvania avenue .....	11,995 08
Basil avenue .....	2,370 28
Spring street .....	2,690 97
Franklin avenue .....	4,347 55
Lisbon road .....	3,631 35
Grant street .....	3,493 42
Bank street .....	4,453 42
West Market street.....	1,463 25

Total .....

\$37,682 91

"The square yards of roadway pav-  
ing now laid in the city," continues  
the engineer, "will more than equal  
eight miles in length, with an aver-  
age width of 30 feet; but as in many  
parts of the city the width of paved  
part of the roadway is much less than  
30 feet, it is possible to travel within  
the city limits much more than eight  
miles (possibly 16 miles) on paved  
streets, the advantages and conven-  
iences of which are appreciated by  
all.

**The River Road.**  
"The River road leading to the East  
End still remains in a condition that  
falls far short of satisfying the de-  
mands of public travel. At several  
points along the said thoroughfare the  
roadway is so contracted as to be  
not only exceedingly inconvenient,  
but even dangerous to travel. At the  
power house, and at Ralston's cross-  
ing the road should be widened in  
order to afford teams a reasonable  
chance to pass without being held  
up by each other, as well as by the  
street cars. Ralston's crossing is an  
exceedingly dangerous place, as it is  
impossible to see an approaching  
train until one is nearly on the track.

**The Hill Road.**  
"While the condition of the 'Hill'  
road to the East End is better than  
in former years, yet it would hardly  
be fair to call it a good road, as parts  
of the said thoroughfare are always  
in a bad condition, and at some parts  
of the year become well nigh impass-  
ible. The East End is growing rap-  
idly, and as a consequence the travel  
is ever increasing. It would be well  
if it could be put in the proper con-  
dition to afford easy and rapid trans-  
it between the two main parts of  
our rapidly growing city.

**Calcutta Road.**  
"It would be well if the improve-  
ment of Calcutta road could be pro-  
ceeded with at once, as the street car  
company are about to commence  
laying their tracks, and the street  
should be graded to the proper width  
before any tracks are laid."

**Sewers.**  
The following shows the amount of  
sewers constructed in sewer district  
No. 2:

Twelve-inch iron pipe, 668 line  
feet; 12-inch terra cotta pipe, 2,662  
line feet; 10-inch terra cotta pipe, 700  
line feet; 6-inch terra cotta pipe, 4-  
266 line feet; 4-inch terra cotta pipe,  
510 line feet; making a total of all  
kinds of 8,806 lineal feet.

Expenditures.

Iron pipe and lead.....	\$ 749 48
Terra cotta pipe .....	501 38
Bricks for manholes .....	190 50
Cement and lumber .....	297 89
Manhole steps .....	59 00
Castings .....	25 00
Cost of construction .....	3,288 89

Total .....

\$5,032 14

In sewer district No. 1 there have  
been laid 1,400 line feet of 6-inch ter-  
ra cotta pipe on Thompson avenue.

**Storm Water Sewers.**  
Twenty-four-inch terra cotta pipe on  
Bradshaw avenue, 432 line feet; 24-  
inch terra cotta pipe on Trentvale  
street, 200 line feet; 24-inch terra cot-  
ta pipe on Oblique street, 400 line  
feet; 15-inch terra cotta pipe on  
Bradshaw avenue, 8-inch terra cotta  
pipe on Maple street and Pennsylva-  
nia avenue, 1,108 line feet; 6-inch ter-  
ra cotta pipe on Trentvale street, 330  
line feet; making 2,470 lineal feet in  
all.

"By footing the various amounts  
of each kind of pipe laid, it will be  
seen that we have constructed very  
nearly two and one-half miles of sew-  
ers. In a very short time we will  
have the trunk sewer connected with  
the sewers that were put down in  
the summer, in streets that were oth-  
erwise being improved, which will  
give relief to a large portion of our  
city now suffering for lack of sanitary  
drainage.

**West Market Street Sewer.**  
"The West Market street sewer  
does not work in a satisfactory man-  
ner, and it requires constant vigil-  
ance to prevent it from flooding cel-  
lars. The sewer as now constructed  
is almost level, and it is costing more  
to care for it than it would to build  
a new one. The sewer should be re-  
constructed and placed deeper in the  
street, and its course reversed and  
made to connect with the new trunk  
sanitary sewer, which is the natural  
outlet.

**Storm Water Sewer from the Diamond**  
"As now arranged all the storm  
water that collects in the Diamond  
is conveyed across Sixth street by  
means of drains constructed of curb-  
stones covered with metal castings.  
These drains are constantly clogging  
up and the casting covers are more  
or less of an annoyance to travelers.  
A better way would be to take the  
storm water under ground by means  
of sewer pipe into Tanyard run, the  
water could be dropped into the sew-  
ers at the corners of the Diamond  
and Sixth street, and with the pres-  
ent drains removed the street could

### The French Workman.

The French workman is the creature  
of the street for the sense of the joy  
of life and the creature of the home  
and the workshop for the sense of the  
hardship and sometimes of the sorrow.  
Fashioned as he is in this way, two  
outside forces contend for the posses-  
sion of him. The question of ques-  
tions is, "Will he take his guidance  
from the recognized agencies within  
the law or from the agencies of re-  
volt?" The state and also, as we have  
seen, the church offer him all sorts of  
bribes and bonuses to consent to work  
in their way. They recognize his trade  
and self help societies. They try to  
get him to the altar as a devotee and  
to the urn as a voter. But he has  
heard of Utopias, and he longs to have  
one more struggle for absolute perfec-  
tion at short notice, though he may  
have to lay down his life in the at-  
tempt.

The key to modern French history is  
to be found here. Every political  
movement has to be a compromise be-  
tween the aspirations of the faubourg  
and the world as it wags. The French  
workman has been bred in the belief  
in revolution as a recognized agency  
of progress and by instinct and habit  
he loathes second best. The old order  
offers him the churches, the thrift and  
benefit societies, co-operation, insur-  
ance against accidents, education, tech-  
nical and other—the old political econ-  
omy, in a word, and the paternal state.  
The new whispers socialism, the com-  
mune, anarchy sometimes and with  
these the barricade.—Richard Whiteing  
in Century.

### Misunderstood Patriotism.

Professor Alfred B. Adams of New  
York was a soldier in the civil war and  
took part in the Red river campaign  
under Major General Nathaniel T.  
Banks.

"At one place," he said recently to  
one of his classes, "we surprised a  
southern garrison and took many pris-  
oners. They were guarding a moun-  
tain of cotton bales which were in-  
tended for shipment to Europe on ac-  
count of the southern government. Gen-  
eral Banks promptly confiscated the  
cotton and transferred it to his flo-  
tilla. Each bale was stenciled 'C. S.  
A.' and over this the northern soldiers  
with marking brushes wrote in huge  
characters 'U. S. A.' I was on guard  
at the time, and one of my prisoners, a  
handsome, bright eyed young southern  
officer, said, 'Yank, what's that writing  
there?'"

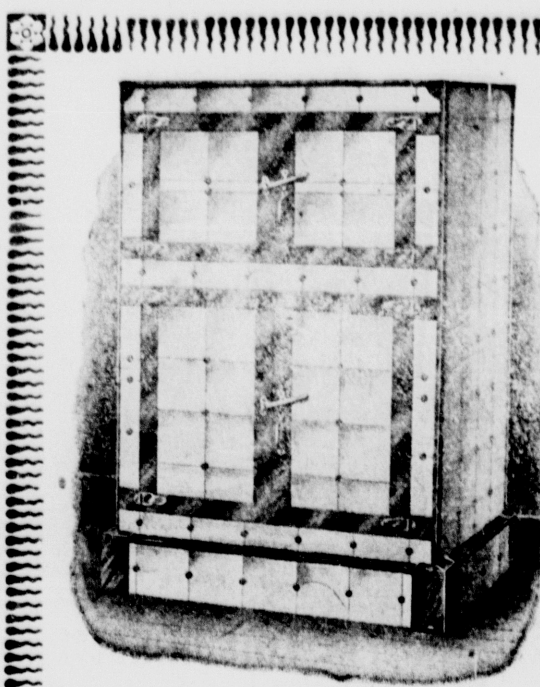

"I looked proudly at him as I replied:  
'The United States of America over the  
Confederate States of America. Can't  
you read—U. S. A. over C. S. A.?'  
"He looked at me quizzically.  
"Thank you," he said. 'Do you know,  
I thought it was United States of  
American Cotton Stealing Association.'  
"The next question he put to me I  
didn't answer."—Saturday Evening  
Post.

### Baths and Fatigue.

Professor K. Beerwald says that  
when the body is fatigued or the brain  
has been overtaxed by excessive men-  
tal work it is very wrong to take a  
cold bath. Such a bath excites, he  
says, and if we add this to the already  
excited state of the body the result  
seems rejuvenating for the moment,  
but very soon the tension becomes too  
great, and the body cannot be forced  
to do more work.

According to the professor, a warm  
bath is the only kind to be applied  
when one wishes to recover from  
fatigue, and the longer a tired body  
remains in a bath of, say, 70 degrees  
the quieter become the strained nerves  
and the easier follows the sought for  
rest.

In the morning, after a good night's  
rest, a cold bath is very invigorating,  
but at no time during the day, if the  
nerves are strained, should it be re-  
peated.

### To "sock."

This word is in constant use in  
Northamptonshire, England. It has  
two meanings, one being "to throw,"  
e. g., "I'll sock a stone at you." A fa-  
vorite diversion among boys is "sock-  
ing" birds. They proceed along the  
hedges, one boy or more on each side,  
all armed with stones, with which they  
unmercifully pelt, or "sock," any poor  
bird they come across. The other mean-  
ing of the word is "to beat or to clout,"  
e. g., "I'll fetch you a sock o' the ear-  
hole."

I have known "sock" in this connec-  
tion all my life, and it is sometimes  
now used here. "I'll sock b'm," "I'll  
give him bellsock," "He got a good  
socking" are common forms. A for-  
midable fighter is called "a bellsock-  
er." "Sock" is common when speak-  
ing of "thrashings" given and taken.

"To give one socks," meaning "to  
give one a good beating," is in common  
use in East Anglia. And so is "pull  
up your socks" for "make haste" and  
"set to work."

A stone in the heel of a sock or stock-  
ing is a well known extempore life pre-  
server or taker.—Notes and Queries.

Many people are afraid if Dewey  
got the White House he'd transfer it  
to his wife.

When the new police force gets its  
clothes it ought to give a free street  
parade at noon.

No wonder the members of council  
are harmonious. The increase in  
numbers puts them closer together.

Everybody was throwing bouquets  
at everybody else at city hall last  
night. President Peach even present-  
ed one to Mayor Bough.

## ANNUAL REPORTS.

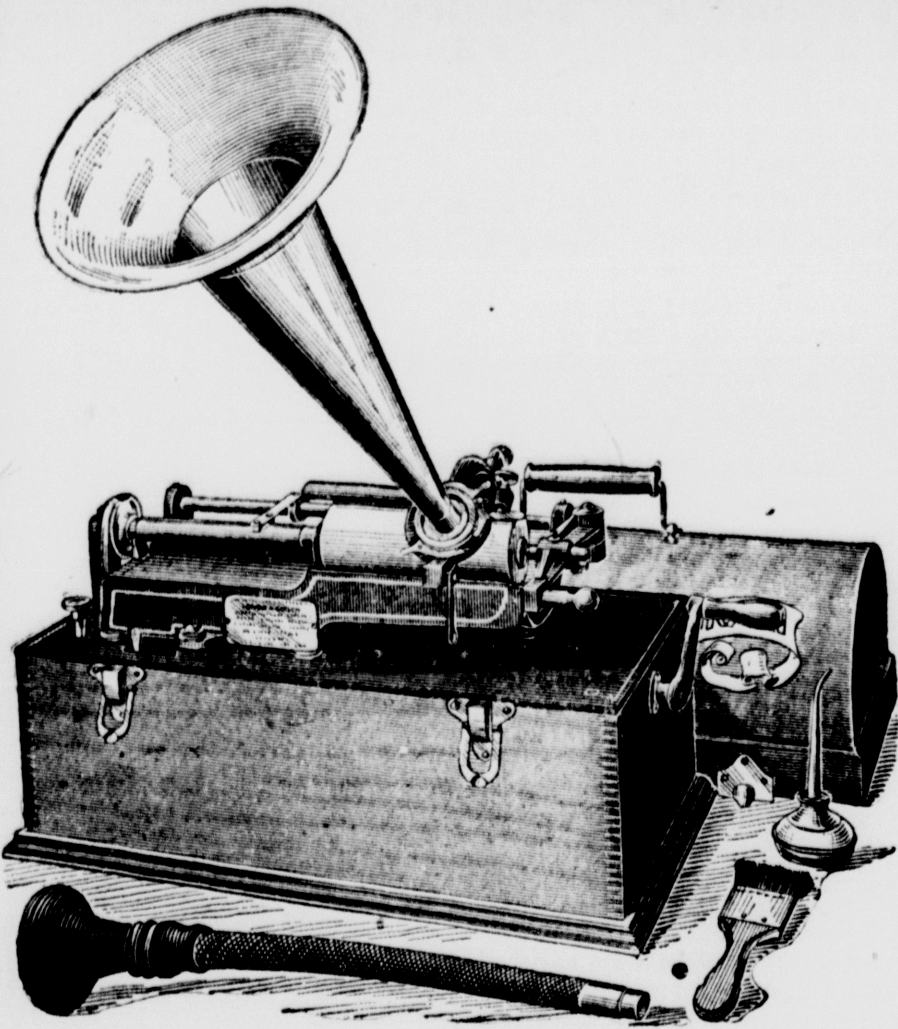

The annual reports of Mayor C. F.  
Bough, Fire Chief Morley, Clerk Han-  
ley and other city officials, presented  
to council last night, are well worth  
the space devoted to them in today's  
News Review. Every taxpayer will  
be interested in seeing just what  
was done with his money and in  
reading of the work accomplished  
by the various city departments. All  
the reports are creditable.

## HAPPY HARMONY.

"How sweet it is when brethren  
dwell together in peace and unity."  
This was wonderfully exemplified in  
councilmanic chambers last night,  
after the adjournment of the old and  
the formation of the new bodies. Not  
a ripple of discord. All went well  
as the marriage bell, and tranquility  
reigned supreme. Clerk Hanley had  
furnished button hole bouquets, and  
these sweet messengers of peace  
seemed to create harmony of body  
and soul.

## PAVED STREETS.

Engineer George's annual report  
shows that practically \$40,000 have  
been expended in this city during the  
past year for street improvements.  
This is a fine showing for a city of  
this size and one of which the public  
may well be proud. The engineer's  
remarks upon the wear and tear of  
the streets, showing that as much if  
not more damage is done by improv-

should engage the early attention of  
council. There ought to be a more  
rigid regulation of this matter.

## THE FACTS ABOUT IT.

The present famine in India is the  
worst in the history of the country,  
exceeding even that of 1876. It af-  
fects an area of 300,000 square miles  
and a population of 40,000,000, while  
21,000,000 are indirectly affected. It  
is caused by two seasons of poor crops  
and the failure of rainfall last Octo-  
ber. There can now be no rain until  
September, and no new crop until that  
time, eight months distant. The gov-  
ernment has established relief works  
and poor houses by which 5,000,000  
natives are being given work. The  
rate paid has been four cents a day  
for a strong man, two to three cents  
for an ordinary man or woman and  
half a cent for a child. This rate  
has been cut down to two cents for a  
man and one and a half a day for a  
woman. As the price of grain has  
of course risen enormously this pit-  
tance is entirely inadequate in many  
districts. The drain on England's re-  
sources in the Transvaal and the fall-  
ing off in revenue from taxation in  
India consequent upon the famine is  
given as the reason for the failure  
of the Indian administration to cope  
with the situation. Disease is follow-  
ing the famine, caused by hundreds  
of thousands being forced to subsist  
upon roots and wild berries, and the  
death rate has already passed the  
highest mark on record for any pre-  
vious famine.

## BREWER POTTERY SOLD.

Appraised at \$17,000 and Bought by  
Mortgagee For \$11,200  
Saturday.

Warren, April 10.—On Saturday af-  
ternoon the plant of the Brewer Pot-  
tery and Clay Manufacturing com-  
pany, which is now in litigation in  
common pleas court, was sold by S.  
F. Bartlett for Receiver Mungo W.  
Brownlee. The property was ap-  
praised at \$17,000 and was bid in by  
the mortgagee, A. J. McFarland, of  
Cortland, for \$11,200. The realty, per-  
sonal holdings and patent were sold  
separately for the following amounts:  
Realty, \$8,700; personal property, \$1,  
300; patent in brewer jug, \$1,200. By  
an oversight of the attorneys and  
judge, the January term of court was  
closed on Saturday before the sale

could be confirmed. Nothing can be  
done until the next term of court. It  
had been expected to go forward with  
operating the plant at once, but this  
retards it for some time.

## ASK LEWIS BROS. ABOUT IT.

**Poteen.**  
This wild west of Ireland is the nat-  
ural home of "poteen," or illicit whis-  
ky. This is because the loneliness and  
remoteness of the spots chosen for  
making it, almost inaccessible through  
the mountains and bogs save to those  
who know something about the coun-  
try, are all in favor of the smugglers  
escaping detection, while its network  
of mountain lakes and small running  
streams affords the necessary cold wa-  
ter for condensing the distilled fumes  
into spirit during the cooling process.

Dear beyond any "parliament whis-  
ky"—by which expression he denotes  
that sort which has paid the tax impos-  
ed by the brutal Saxon government—  
is this fiery fluid to the heart of every  
true peasant son of Connaught, and  
daughter, too, for that matter, for the  
fair sex, especially if at all up in years,  
takes its fair share. And, in the inter-  
est of truth, it must be added that  
those who inhabit the coast counties  
from Kerry to Donegal, inclusive, are  
also fully alive to its seductive merits.  
Indeed, many doctors—local, of course  
—will tell you that well made poteen  
is better in sickness than the adulter-  
ated whisky usually met with in the  
small public houses in this region of  
poverty, for in the Connemara country  
at any rate the illicit whisky is made  
of pure malt, though rumor has it that  
the less particular palate of Donegal,  
for instance, is satisfied with a fire

water mainly made from molasses, po-  
tatoes—aye, sometimes from almost  
any other rubbish you please.—Cham-  
bers' Journal

## A Spelling Competition.

The other day Jones said to Brown,  
"I'll bet you anything you like you  
can't spell three simple words I'll give  
you within 20 seconds."

"I'll go you. What are they?" said  
Brown.

"Well, here goes," Jones said as he  
pulled out his watch. "Believe."

"Be-l-i-e-v-e."

"Receive."

"Re-c-e-i-v-e," again Brown spelled.

"Wrong!" said Jones.

"What?" exclaimed Brown in sur-  
prised tones. "I've spelled the two  
words you gave me correctly. I'm  
certainly not!"

"Time's up!" Jones said triumphantly.  
"Why didn't you spell the third  
word—w-r-o-n-g?"

## A Bit of the Colonial.

Ezekiel loved Mercy madly, but it  
was necessary, since they were colo-  
nial, to be very quaint about it.

"Wilt thou come and bake my  
bread?" asked Ezekiel accordingly.

"No," replied Mercy, with candor,  
"for I shall not need thy dough!"

From this we gather that Mercy was  
somewhat rich in her own right.—De-  
troit Journal

# CHIEF MORLEY'S ANNUAL REPORT

The Fire Department Answered 44  
Calls During the Past  
Year.

## CUM HOSE ATTACHMENTS

Caused 16 Fires and the Chief Re-  
commends That Council Pass  
an Ordinance.

## DEPARTMENT POLICE RECORD.

At the meeting of council last night  
Fire Chief Morley presented the fol-  
lowing report:

East Liverpool, April 10.  
To the Honorable City Council:  
I have the honor to submit to you  
as chief of the East Liverpool fire  
department our annual report for the  
year ending April 1. Alarms an-  
swered by the department are as fol-  
lows: Central station 42, East End  
2. There is a decrease of 20 calls  
over the previous year. Causes of  
fire where gum hose was used from  
gas jets and stoves for heating pur-  
poses, 16; roof fires, 9; chimney, 8.  
heaters, 2; electric wires, 7; paint.  
1. At one alarm to which we re-  
sponded our services were not re-  
quired. At eight fires the large hose  
was used, and a total number of 9,500  
feet was laid; Babcocks used, Central  
station, 15; East End, 1. The largest  
fire was the J. W. Young baby car-  
riage factory on lower Broadway,  
and St. Stephen's Episcopal church.  
We have on hand the following equip-  
ment, all in first-class condition: At  
Central station, one Silsby engine,  
one Babcock aerial hook and ladder  
truck, one reserve hose reel, carrying  
700 feet of hose, a total of 2,000 feet  
of hose; eight horses; two 3-gallon  
extinguishers.

At the East End station there is one  
wagon carrying 1,000 feet of hose,  
two 3-gallon extinguishers, two lad-  
ders and two horses.

Northside, one hand hose reel, car-  
rying 500 feet of hose; total number  
feet of hose in all departments, 4,000,  
of which 3,500 feet are in good con-  
dition.

In the interest of the welfare of  
our city and to life and property, I  
would suggest that council pass an  
ordinance prohibiting the use of gum  
hose attachments. It will be seen  
that 16 fires resulted from this cause.

H. C. MORLEY,  
Chief.

J. F. McCULLOUGH,  
Assistant Chief.

The police report of the department  
for the year is as follows: Patrol  
calls, 297; persons hauled to jail,  
327; arrests by officers were: By  
Grim, 30; McMillan, 10; White, 25  
calls 29 arrests; Mahoney, 20 calls 24  
arrests; Whan, 12 calls 15 arrests;  
Johnson, 1; Moore, 1 call 3 arrests;  
Johnson (special), 1; Vanfossen 1;  
Powell, 2; Supplee, 1; Flest, 1; Da-  
vidson, 14 calls 16 arrests; Shepler,  
1; Mayor Bough, 1 call 1 arrest; Wil-  
son, 1 call 2 arrests; Carroll, 1.  
The firemen had 174 calls and made  
189 arrests; ambulance calls, 55.

## NEW ADMINISTRATION.

BEGAN DOING BUSINESS THIS  
MORNING.

Chief Thompson Arranged the Beats  
of the New  
Officers.

Mayor Davidson and Marshal  
Thompson were sworn in yesterday  
afternoon by Mayor Bough, and this  
morning assumed charge of the city  
government.

Mayor Davidson did not have a case  
to look after and spent the day get-  
ting acquainted with the office. Mar-  
shal Thompson did the same thing.

The new officers were all sworn  
in and presented with the necessary  
articles that go with their jobs. The  
retiring officers returned what prop-  
erty they had that belonged to the  
city and the new administration  
started out in good shape.

Ex-Mayor Bough was a caller at  
city hall and assisted Mayor Davidson  
in getting initiated.

Marshal Thompson arranged the du-  
ties of the policemen so that there  
will be one man on from 6 a. m. to  
6 p. m., two from 12 noon to 12 mid-  
night and three from 6 p. m. to 6  
a. m. By this arrangement there will  
be one officer on duty all day, three  
from noon until 6 o'clock, five from  
6 o'clock to midnight and three all  
night. Marshal Thompson informed  
the officers that he did not intend to  
favor any of them and the beats  
would be arranged so that each offi-  
cer would get two weeks day duty in  
a regular turn.

The police committee of council  
will meet Friday night and discuss the  
question of uniforms and some other  
details with the new police force. The  
new committee does not favor the long  
frock coat for a summer uniform, and  
will introduce an ordinance to permit  
the officers to wear sack coats during  
the summer. In all other respects the  
rules of the old police committee are  
satisfactory.

the passage of the bill.

## MT. HOPE COLLEGE.

Final Effort Being Made to Save the  
Charter of the  
Institution.

Lisbon, April 11.—(Special.)—Judge  
Billingsley, of this city, and L. T.  
Farr, of Rogers, were in Columbus  
conferring with Attorney General  
Sheets concerning the suit pending in  
the supreme court at Columbus, to  
annul the charter of the Mt. Hope Col-  
lege company, of Rogers, on the  
ground that the company has violated  
certain provisions of its charter. They  
endeavored to bring about a success-  
ful adjustment of the case without  
proceeding to trial, and they held a  
long discussion with the attorney gen-  
eral, in which the troubles of the  
college were fully reviewed, claim-  
ing the institution is not to blame as  
much as is generally supposed. There  
seem to be well founded reasons now  
for the belief that the charter of the  
college will not be revoked after all.

## SHIP TO CARRY FOOD.

One Ordered Chartered For Trip to India.

### CORN FOR HUNGRY NATIVES.

Dr. Klopsch, Editor of the Christian Herald, Notified Naval Department He Had Gathered a Large Supply of Foodstuffs. Charles M. Pepper Also Interested.

WASHINGTON, April 11.—The navy department is doing all in its power to relieve the famine stricken people of India. Dr. Lewis Klopsch, of The Christian Herald, has notified the department that he has succeeded in collecting a large supply of foodstuffs, mainly corn, for the famine sufferers, and has appealed to the department to transport this supply to India.

Mr. Charles Pepper was at the navy department to urge speedy action in the matter and met with success.

Judge Advocate Lemly telegraphed Pay Director Deniston, in charge of the naval pay office at New York, to proceed with dispatch to ascertain the terms which he could charter a vessel to carry out to India the foodstuffs which he had collected at New York.

Dr. Klopsch also was telegraphed to put himself in communication with the pay officer in order to forward the work.

### TOWNE'S VIEWS NOW OF SPECIAL IMPORT.

Possibility of His Running With Bryan Make This Statement Especially Interesting.

DULUTH, Minn., April 11.—The possible candidacy of Charles A. Towne for the vice presidency on the Democratic ticket makes his views as to current issues of interest. Following is an extract from a statement made by Mr. Towne:

The principle on which the claims for bimetalism rested in 1896 is avowed by every standard political economist that has ever written during 2,000 years in any language or any country, and it is no abandonment of that principle to admit that circumstances may have temporarily obscured the importance of the question, either by a relaxation of the rigors of monometallism through increased monetary supplies, or by the appearance of other issues, which, because of their far-reaching importance, must claim first places in the interest of people until they are settled, and settled right.

There are no terrors for me in the detraction of either malevolent misrepresentation or ignorant malice. The Republican party has followed up its surrender to the banks in 1896 by as base surrender to the trusts, and above and beyond all else it has challenged the patriotism of the American people by laying an unholy hand upon the constitution and by proposing to divorce the flag from the glorious legends of liberty that have heretofore always waved upon its resplendent folds. I have not the slightest hesitancy in saying that all other questions must remain subordinate to this great problem of how to save the government of our fathers from its recent betrayal at the hands of the present day leaders of the Republican party.

#### Caldwell Would Not Accept.

WASHINGTON, April 11.—Judge Henry C. Caldwell, of Arkansas, who has been extensively spoken of as a candidate for vice president, and who has received a great number of letters urging him to agree to accept that position in case it should be tendered him, has written a letter to Senator Jones, of Arkansas, who is his personal friend, saying that he cannot consent to such use of his name and that his resolution in this matter is absolutely irrevocable.

#### Bryan Addressed a Large Crowd.

LOS ANGELES, April 11.—W. J. Bryan addressed a large crowd here. Ex-United States Senator S. G. White presided over the meeting. Mr. Bryan will attend a meeting of the Silver Republican state convention today.

#### Ohio Naval Militia's Cruise.

WASHINGTON, April 11.—Captain Sutherland, in charge of naval militia affairs, has made up the itinerary for the summer cruises of the naval militia organizations of the state bordering on the great lakes. All of these are to be made on the old gunboat Michigan. She is ordered to be at Cleveland, or such other Ohio port as the governor of Ohio may select, on June 25, to instruct the Ohio naval militia for a period of seven days.

#### Moore and Berry May Be Bishops.

DENVER, Colo., April 11.—Rev. Wheelan, of this city, published a signed article on probabilities to happen at the Methodist general conference, in Chicago, in May. He said general easter and western correspondence shows that Rev. Dr. David H. Moore, of The Western Advocate, and Rev. J. F. Berry, of

the Epworth Herald, are certain of a walkover for bishops.

### A DAY IN WALL STREET.

Movement of Prices Largely Represented Contest of Speculative Forces For Supremacy.

NEW YORK, April 11.—Movement of prices in Tuesday's stock market largely represented a contest of speculative forces for supremacy. The forces of reaction finally prevailed, and the market closed decidedly weak and at a level generally below Monday night's close.

The operators for a rise seemed to lose courage toward the close of the day and realizing in stocks which had shown strength was very general. These included stocks in the railroad list, particularly the Baltimore and Ohio stocks, Missouri Pacific and other southwestern railroads, Norfolk and Western and some of the coalers. The industrials and specialties were extremely active and irregular, under the influence of special causes. Sugar rallied sharply from an early decline on the announcement that the company's principal competitor had advanced the price of refined sugars to a parity. The stock sold off again with the general weakness of the market.

A further rise in sterling exchange to within a fraction of the gold export point led to a discussion of the prospect of an outward movement of gold. The continued ease of money here would favor such a movement, but the taking up of the installment of the British loan which stiffened Tuesday's money market in London, may be followed by a relaxation in money rates there and a sympathetic response in sterling exchange here.

The bond market was moderately active and price changes were irregular. Total sales, par value, \$2,200,000.

United States new 4s declined  $\frac{1}{2}$  and the old 4s advanced  $\frac{3}{8}$ , and the 5s  $\frac{1}{2}$  in the bid price.

#### Chicago Wheat, Corn and Provisions.

CHICAGO, April 11.—Uncertainty over the government crop report, due Tuesday afternoon, and the prudence of a large short interest fearing it would be bullish, produced a dull but firm wheat market Tuesday. May wheat closed  $\frac{1}{4}$  @  $\frac{3}{8}$ c, May corn  $\frac{1}{2}$  @  $\frac{3}{8}$ c and May oats  $\frac{1}{2}$ c over Monday. Provisions were strong and active, closing from  $\frac{1}{2}$ c to  $\frac{1}{4}$ c higher for May ribs to  $\frac{1}{2}$ c improved for May pork.

#### Get-Rich-Quick Miller's Trial.

NEW YORK, April 11.—More than 50 employees of William F. Miller's get-rich-quick syndicate testified against him in his trial. The figures on the books showed this entry for one day: "Guesswork, \$69,000." Over \$1,000 a day was paid in commissions to persons bringing new customers. Rudolph Guenther, an advertising agent, testified that he had Miller's advertisement in 600 to 700 newspapers at one time and Miller paid him, from July 15 to Nov. 25, \$22,000 for advertising. Counsel for the defendant admitted that the amount of surplus belonging to depositors of the syndicate and now invested for their benefit and now due them is \$1,156,073.

#### Maryland Miners to Strike.

FROSTBURG, Md., April 11.—A general strike of all the miners in the George's creek region has been ordered for tonight at midnight. Nearly 5,000 men are involved. The miners insist on an increase of 55 to 60 cents per ton of 2,240 pounds.

#### For Pennsylvania Guard Encampment.

MOUNT GRENA, Pa., April 11.—Major William F. Richardson, keeper of the state arsenal at Harrisburg, with a large force of men, began clearing the big camp grounds preparatory to their occupancy, Aug. 4 to 11, by the division of the Pennsylvania state militia.

#### Van Voorhis Renominated.

ZANESVILLE, O., April 11.—Congressman H. Clay Van Voorhis was nominated for the fifth consecutive term on the first ballot at the Republican convention of the Fifteenth Ohio district.

#### George W. Wicks Suicided.

BALTIMORE, April 11.—George W. Wicks, 36 years old, son of the late George W. Wicks, a wealthy cotton broker, of Louisville, committed suicide in a private sanitarium in this city.

#### David S. Hammond Dead.

NEW YORK, April 11.—David S. Hammond, lessee of the Plaza and Murray Hill hotels, died at the latter hotel, aged 65 years. He was an owner and breeder of fine trotting horses.

#### Anstrian Emperor to Visit Germany.

BERLIN, April 11.—The newspapers of this city express much satisfaction at the impending visit of Emperor Francis Joseph, of Austria.

#### Settled on Eight-Hour Basis.

JOLIET, Ill., April 11.—The strike of the bricklayers and stonemasons has been settled on the basis of an eight-hour day.

#### Arbuckles Advanced Sugar.

NEW YORK, April 11.—Arbuckle Brothers advanced the price of refined sugar 5 cents per 100 pounds. Two weeks ago the Arbuckles cut the price of refined sugar 5 cents per 100 pounds. This reduction was made directly after in advance in the price of raw sugar. The American Sugar Refining company did not follow and the advance by the Arbuckles brings their price back to that of the Havemeyer company.

#### Steel House For Jap Prince.

PHILADELPHIA, April 11.—A complete house, built of steel, is a portion of the cargo of the Dutch ship Wilhelmina, which has just sailed from this port for Japan and Russia. It is consigned to Prince Yoshibito, of Tokio, and was built at Pittsburg at a cost of \$21,481.

#### Condition of Winter Wheat.

WASHINGTON, April 11.—The April report of the statistician of the department of agriculture will show the average condition of winter wheat on April 1 to have been 82.1, against 77.9 on April 1, 1899, 86.7 on April 1, 1898, and a ten-year average of 82.8.

#### Denied by the Cramps.

PHILADELPHIA, April 11.—That negotiations are pending looking to a combination of the gigantic Carnegie-Frick interests and the Cramp shipbuilding concern is denied by officials of the latter company.

#### Frank H. Cushing Dead.

WASHINGTON, April 11.—Frank H. Cushing, for years connected with the United States bureau of ethnology, died here of hemorrhage.

#### Killed Brother-in-Law.

FRANKFORT, Ky., April 11.—Bud Le-compte, a farmer, killed his sick brother-in-law, after saying: "You are going to die, anyway; I will just put you out of your misery." He was probably crazy.

#### Melba's Husband Divorced.

GALVESTON, April 11.—The husband of Melba, the singer, obtained a divorce from her here, on the grounds of desertion. He gets the custody of the child.

#### Jones' Prediction as to Bryan.

NEW YORK, April 11.—Chairman Jones arrived here tonight. He said Bryan would be nominated on the first ballot.

## PULLMAN PARLOR CARS.

Improving the Train Service to Pittsburg and Cleveland via Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 237 and 338, between Pittsburg and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large retiring room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburg at 7:04 p. m., central time, week days.

### Alex Surprised Them.

Alexander MacArthur, author of a successful study of life in the Latin quarter of Paris, which brought to the writer both popularity and profit, is also the pupil and biographer of Rubinstein. The author lived for two years in St. Petersburg, corresponding for the London press and taking part in some thrilling adventures, but the most singular of the writer's experiences happened in Chicago after the novel had been brought out by a publisher of that city. The book had been so successful that the publisher decided to give the author a dinner, to which a dozen of the leading men of letters in the lake city were invited. The guests had assembled when the author was announced.

Through the blue haze of smoke there appeared a handsome young woman attired in evening dress.

"We are expecting Mr. MacArthur," said the host, "Mr. Alexander MacArthur, the novelist."

"So I understand," returned the unexpected guest. "I am Alexander MacArthur."

"You?" gasped the publisher.

"Yes. Didn't you know? I am Lillian MacArthur, at your service. I have been writing over the name of Alexander ever since I left my home in Dublin."

It was only the work of a minute to rearrange matters, and the dinner was a great success.—Saturday Evening Post.

### RAILROAD ON RUSSIAN RAILROADS.

The Transsiberian railroad is very closely guarded, the management feeling personally responsible for the people they carry on their trains. The road is divided into sections of one verst, or five-eighths of a mile. In a neat little log house, usually in a garden, live the guard and his people. The average family is a wife and five tow-headed children. The houses were built by the company and evidently with a view to meeting the demands of increasing families. The guard or a member of his family must patrol his section night and day. He steps to the side of the track as the train approaches and after it has passed steps back into the middle of the track, holds a small green flag in the air, at night a lantern, and stands like a statue until the train has entered the next section. Several guards do duty in the heavy curves, and frequently they are only a few hundred feet apart.

Much of the track patrolling is done by women, who have proved fully as reliable as the men. The women are nearly always barefooted, and as they stand on the track holding the flag aloft, a Siberian breeze toying with their short skirts, they are fine subjects for a sculptor after a unique model.—Siberian Letter in Chicago Record.

## A PLUNGE TO DEATH.

SAM PATCH'S FAMOUS JUMP OVER THE GENESEE FALLS.

The Last of a Sensational Series of Daring Feats Which Might Have Resulted Differently but For a Bottle of Brandy.

Nov. 13, 1829, Sam Patch lost his life in jumping from a scaffold 25 feet above the brink of the Genesee falls into the abyss below. He undertook to jump in all a distance of 125 feet. Of course the whole population of Rochester as well as the farmers from neighboring villages were upon the scene. The fame of Patch had for several weeks been a topic of conversation among the early settlers.

Patch was born in Rhode Island in 1807. Soon after he removed to Paterson, N. J., at which place in 1827 he was seized with the jumping mania. After giving several daring exhibitions in New Jersey he decided to try his luck at Niagara falls two years later. In October, 1827, he jumped from a shelving rock between Goat Island and the gurgling waters many feet below. A few days later he started the natives by jumping from the old Fitzhugh street bridge at dawn. He swam under the water to a convenient hiding place, where he had much amusement in watching several boats crowded with people dragging for his body. They were startled when he called merrily to them, joking them for their wasted efforts in his behalf.

On another morning he startled a Rochester lad by jumping from the brink of the falls to the rapids below. If Patch had not reassured the boy, he would have had half of the population of Rochester dragging the water for his dead body.

With such a record it is no wonder that on the morning of Nov. 13 all the muddy roads leading to Rochester were thronged with people desirous of seeing the wonderful jumper. Even if farmers were unusually busy in securing the last of their harvests they found time to take a day or two off in order to witness the feats of Sam Patch. Several boats brought hundreds of visitors in holiday attire from Canada, Oswego and Lewiston, Buffalo, Canandaigua and Batavia were almost depopulated on account of the exodus to Rochester. The few taverns in the city turned guests away, and many had to camp out overnight.

Notwithstanding the raw, cold weather throngs of settlers lined the banks below the falls. Although Sam said he did not feel the cold weather, he was pleased to fortify himself with a drink of brandy tendered to him by his friend, William Cochrane. Several of the spectators contributed a unique uniform. Dressed in white trousers decorated with a black silk handkerchief tied around his body, surmounted by a light woolen jacket and skullcap, Sam must have presented a grotesque appearance.

After taking another drink from the flask Sam made the following speech to the thousands of breathless spectators: "Napoleon was a great man and a great general. He conquered armies, and he conquered nations. But he couldn't jump the Genesee falls. Wellington was a great man and a great soldier. He conquered armies, and he conquered nations, and he conquered Napoleon, but he couldn't jump the Genesee falls. That was left for me to do, and I can do it and will."

Although Sam Patch could jump the Genesee falls when he was sober, he could not do it when he felt the effects of the brandy. Owing to this fact he met his death when he took the jump. When the thousands of silent and horror stricken spectators saw Sam strike the water, they did not see him come to the surface. His descent was so unlike his previous efforts, when he shot like an arrow from a bow, that the spectators were certain that he met his doom when he reached the water and the jagged, piercing rocks beneath.

The spectators searched in vain for the jumper. The torches of the searchers along the river bank and those of the searchers who dragged the river in boats lit up the river during the long night hours. Amid the roar of the cataract the sorrowing multitude shed tears for the jolly good fellow who, like many others, loved his bottle on occasions.

Notwithstanding the rumors that Sam Patch had been seen alive in Rochester nothing was heard of him until St. Patrick's day, when his body was found in a cake of ice near the

mouth of the Genesee. His remains were buried in the cemetery at Charlotte. Although it had been the ambition of his life to jump London bridge, he met his death in the Genesee. The feats of Sam Patch filled the newspapers for weeks, and although such poets as Mrs. Sigourney wrote poems dedicated to his memory no monument has been erected in commemoration of his feats.

Indeed, the event produced a profound impression upon the people of those days. On the following Sunday the preachers in Rochester and neighboring towns could not say enough against the evils of jumping. Some even went as far as Josiah Bissell, who told the pupils of the Third church Sunday school that because they saw the fatal leap they were accessories to his death and were murderers in the sight of God.—Rochester Herald.

### What He Thought of It.

The following retort is recorded of Mr. Maurice Barrymore: Once at the Hoffman House, New York, an English stranger interfered with the conversation of a knot of friends by a long tirade against all things American. He finished by an attack on our spelling.

"Why, you can't even spell correctly in this confounded country! Honour, h-o-n-o-r; labour, l-a-b-o-r. What do you think of that, Barry?"

"Well," replied Barrymore slowly and distinctly, "as far I should judge, where honor and labor are concerned I would never enter into the question."

### Ohio Supreme Court Sustained Law.

COLUMBUS, April 11.—The supreme court decided in favor of the state in the cases against the Tontine Security company and the Diamond Contract company, whose agents were arrested at Cleveland, last summer. They had failed to deposit with the treasurer of state the \$20,000 required of such concerns. Both are ousted from the right to do business in Ohio.

# THE EVENING NEWS REVIEW.

51TH YEAR. NO. 256.

EAST LIVERPOOL, O., WEDNESDAY, APRIL 11, 1900.

TWO CENTS

## OLD COUNCIL'S OLD BUSINESS

**Electric Light Franchise Failed to Pass Under Suspension of Rules.**

## PAWNBROKER'S BILL PASSED

**After the License Fee Had Been Placed at \$100 Per Year.**

**ADJOURNED SINE DIE AT 9:40.**

Every member was present at the last meeting of the old council last night. A large audience was in attendance and each councilman wore a buttonhole bouquet, presented by Clerk Hanley.

The electric light franchise was placed on its second reading last night, but failed to pass under a suspension of the rules, Marshall, Fisher, Peach and Smith voting no on a motion to suspend.

The pawnbroker's ordinance passed after Marshall had moved the license fee be placed at \$100 per annum. Ashbaugh, McHenry and Fisher voted no on the fee question and McHenry, Fisher and Smith voted against the passage of the ordinance.

An ordinance fixing grade lines on Spring street, Rigby's addition, was passed. This ordinance was referred to the street committee Nov. 22, 1898.

The ordinance to pave Fourth street from Market street to West alley was passed.

Pleasant street residents asked that the street be graded from Sheridan avenue to Lisbon street. The engineer and clerk will investigate to find out the tax valuation of the property to be improved.

East Liverpool Land company asked permission to pave Vine street through their property. It was referred to the street committee.

The auditing committee reported finding the books of the clerk and treasurer, street commissioner, water works and mayor to be correct.

The sewer commissioners were given \$2,000 on motion of Smith. Marshall didn't vote, as he wanted to know how council stood with the commissioners. Seckerson voted no.

Smith, McHenry and Fisher will act as a committee to confer with the Crockery City Brewing company to see if they can't settle that old bill for building the culvert on Tanyard yard.

A resolution to increase the salary of Clerk Hanley to \$780 per annum, or \$65 per month, was passed unanimously.

The Central District Printing Telegraph company accepted their new franchise and filed a bond for \$5,000. The finance committee will see if the bond is correct.

John Ryan was awarded the contract for paving Drury lane. He bid \$1.15 per square yard for paving and 83 cents per cubic yard for excavating. H. S. Rinehart bid \$1.18 per square yard for paving and 35 cents per cubic yard for excavating.

Clerk Hanley presented an abstract of the votes cast at the recent election, and stated that the mayor and marshal had been sworn in and had filed their bonds. He also said the assessors had filed their bonds.

The pay ordinance passed and no

mention was made of the Grim-Whan bills.

The old council adjourned sine die at 9:40, and a vote of thanks was tendered to the retiring president, Mr. Peach.

## SOME NEW LOTS.

**Caused the Members of Council to Discuss an Old Ordinance That Is Not Enforced.**

Last night a plat of some lots of I. Bentley Pope was presented to council for approval. The lots are in McKinnon's addition, and Engineer George stated that some people wished to build. Marshall moved that the plat go back to Engineer George and he be given instructions to establish the grades on the streets as the ordinance requires. George remarked that the ordinance required that the streets be graded, but council had never enforced it. Marshall said it ought to be repealed then, but Solicitor McGarry remarked that it would be a better plan to enforce it. The matter ended in George getting the plat with instruction to establish the grades.

## STREET WORK.

**It Cost \$6,493.78 to Care For the Streets During the Year.**

Street Commissioner Bryan made the following report of his work during the past year: Warrants drawn from the city for work done amounted to \$6,493.78, divided as follows: April, 1899, \$347.24; May, \$549.37; June, \$512.25; July, \$539.49; August, \$805.67; September, \$645.71; October, \$579.47; November, \$713.99; December, \$521; January, 1900, \$372.06; February, \$401.25; March, \$325.87; for East End street work in June, \$180.41.

The report includes the salary of the street commissioner, but does not include lumber, sewer pipe, tools and all labor done under his direction.

## CHANGED THE NAMES.

**A Number of Streets Will Receive New Titles When the Ordinance Passes.**

An ordinance was introduced in council last night to change the name of Maple street to Maplewood avenue; Elm street to Elmwood avenue; Chestnut street to Mulberry street; Hill road to Pennsylvania avenue; Washington street, Jethro, to Colenso avenue. The reason for changing the name is that more than one street in the city has the same name, and it is often confusing to the people.

## Realty Transfers.

Lisbon, April 11.—(Special.)—The following transfers are recorded: O. H. Bates, executor of Christian Betz, to Jonas B. Campf, 111 94-100 acres, Salem township, \$3,470.14; Priscilla M. Keets et al. to Hannah S. Haviland, 5 12-100 acres in Salem township, \$250; Priscilla M. Keets et al. to Elba John, 100 acres in Salem township, \$3,958.

## A Veteran Miner.

H. T. Fisher, of Tombstone, Ariz., who has been here for several days visiting friends, left for the east this afternoon. He is interested in the mining industry in that state.

## Davis Went East.

Joseph T. Davis, of New York, who has been here for some time forming a compact among the potters, left for the east at noon.

## JUST A PLAIN LIE, NO MORE, NO LESS

**Ex-Consul Macrum Denounces That Story of Young Hay, Cabled From Pretoria.**

## THE PROOFS WERE ON FILE

**And Are There Yet If Not Abstracted Therefrom—Macrum Says He's Becoming Tired**

## OF BEING SLANDERED DAILY.

Hon. Charles E. Macrum, ex-consul to Pretoria, South African Republic, seen this morning regarding the statement that Consul Adelbert Hay had failed to find any evidence of the consular mail being tampered with during Mr. Macrum's stay at Pretoria, said:

"While I do not take much stock in newspaper reports, this is such a palpable perversion of the truth that it is impossible to allow the matter to pass unnoticed, as it seems to have come from the state department. This statement is on a parallel with the malicious misrepresentations which came from the same department before I reached this country. If proofs of all my charges are not on file at the consulate in Pretoria, it is because they have been wilfully abstracted therefrom.

"In short I want to say that the statement published today is a lie, nothing more or less. I have been slandered and maligned until I have become tired of it."

## MRS. ROXY ANN TAYLOR.

**Funeral Services Held at Her Late Home Today Were Largely Attended.**

The funeral services over the remains of Mrs. Roxy Ann Taylor were held at her late residence on Jackson street this afternoon at 2 o'clock. The services were largely attended, and Dr. J. C. Taggart and Dr. Clark Crawford officiated. Interment was made in Riverview cemetery.

The floral tributes were many and very beautiful.

## Hon. C. C. Baker.

Alliance Star.

Mr. Baker is to be warmly congratulated upon his excellent run in both Columbiana and Stark counties. No higher compliment, except the actual nomination, could be given him than such an assurance of the confidence and esteem of the people who know him. Although he "fell outside the breastworks," he is too good a soldier to sulk in his tent when the battle is on.

Now let the Eighteenth district convention honor itself by electing Hon. C. C. Baker one of the delegates to the Republican national convention.

## River News.

The marks at the wharf this morning registered 10 feet and stationary. The Kanawha went south last evening and the Queen City is due down tonight. The Lorena is due up tomorrow. The city of Pittsburg went south early last evening with a good trip.

## PROVED FATAL.

**DON T. MOWEN DIED FROM HIS INJURIES LAST NIGHT.**

**Pathetic Scene at the Deathbed—Dying Youth Admonishes a Companion.**

Don T. Mowen died at the home of his uncle, William C. Randall, on Virginia avenue, last evening at 6 o'clock, as a result of the wound he received yesterday morning. Although he received the best medical attention his life could not be saved.

Services will be held at the house on Virginia avenue, this evening at 8 o'clock, Rev. J. W. Gorrell, of the Christian church officiating. He will be assisted by the several East End ministers. The remains will be taken to Deerfield, his former home, tomorrow morning for interment.

A pathetic incident occurred at the bedside of the young man yesterday afternoon. He was conscious that he would die, and speaking to one young man, said: "Death is not what I thought it was. I have no fear whatever. But before I go there is one thing I want you to promise me, and that is that from now on you will be a Christian."

The young man made the promise, and soon afterwards young Mowen sank into unconsciousness.

## THE LATE CITY SOLICITOR

**Attorney McGarry Has Faithfully and Conscientiously Served His Constituents.**

Attorney M. J. McGarry has the right to take just pride in the performance of the duties which he was sworn to perform during the past two years in his position as city solicitor of East Liverpool. The records, which speak louder than words, will show, beyond successful contradiction, that, to a very large extent, he has sacrificed popularity to a strict sense of justice, in his endeavor to protect the best interests of this city and the welfare of her citizens. The late election demonstrated the fact that Mr. McGarry has a solid following of staunch friends in East Liverpool—friends who have stood by him in the past and who will stand by him in the future. Mr. McGarry has come up from the ranks, from among the toilers. He was an earnest student in his efforts to acquire legal knowledge, and success has crowned his efforts. He is an indefatigable worker, believing that it does not pay to be slothful in business. Best of all, he is but a beginner, having talent, youth, energy and perseverance upon his side of the ledger, and we predict for our young townsman solid and lasting success in the profession he loves so well, and which he has chosen for his life work.

## Entries Coming In.

George H. Hale, of East End, this morning received word from W. H. Stevenson, the one-armed bicycle rider of Detroit, stating he would be here to take part in the races May 30. Indianapolis also sent entries.

## Measles.

Yesterday afternoon a case of measles was reported to the health department and the house was promptly quarantined. The case is at the home of William Tower, Chester avenue.

## Typhoid Fever.

Lida Akens, of Hales street, is ill with an attack of typhoid fever.

## NEW MEMBERS WERE SWORN IN

**Arnold, Cripps, Nice, McLane, Heddleson and Marshall Councilmen Now.**

## MAYOR DAVIDSON PRESIDED

**The Monday Night Caucus Appointments Were Ratified Unanimously.**

## MARSHALL'S NEW COMMITTEES.

Mayor Davidson called the new council to order last night at 9:50 o'clock, and the new members, Cripps, Marshall, Nice, McLane, Arnold and Heddleson, were sworn in.

Nice nominated Marshall for president and he was elected unanimously. In taking the chair the new president made a very short speech, and, thanking the council for the honor conferred upon him, said he would endeavor to the best of his ability to fill the chair and rule impartially.

Peach nominated J. T. Smith for vice president and he was chosen unanimously.

Council then made the following appointments:

For members of the board of health—Dr. W. T. Norris and Dr. W. E. Mowen.

For members of the board of equalization—Smith Fowler and George Grosshans.

Mayor Davidson then presented his list of appointments, and they are as follows:

Police officers—Michael Mahoney, C. H. Morris, Clifford Dawson, Charles Gill, Willis Davidson and H. W. Aufderheide.

Fire chief—H. C. Morley.

City engineer—J. A. George.

President Marshall then announced his committees. They are as follows: Finance—Cripps, Peach, Smith, Fisher, McLane.

Claims—Smith, Heddleson, Nice.

Street—Peach, Arnold, Nice.

Police—Nice, McLane, Cripps.

Fire—Fisher, McHenry, Arnold.

Light—McLane, Heddleson, Arnold.

Wharf—Heddleson, Cripps, McHenry.

Rules—McHenry, Peach, Fisher, Smith, Marshall.

President Marshall then remarked that the people on Bradshaw avenue would like to see the new street committee.

Clerk Hanley stated that he had received several bonds of city officers. They were referred to the finance committee and council adjourned.

## Alliance's New Paper.

# SUBURBAN NEWS.

## EAST END.

It was stated upon reliable authority yesterday afternoon that the gas plant, located in the hollow east of the plant of the Potters' Mining and Milling company, would be moved from the suburb to Chicago. Since the plant was erected it is estimated that in the neighborhood of \$100,000 has been expended in making experiments. Some important discoveries have been made in the making of gas from the ideas of the promoters of the works, but about these no one connected with the company will talk. The object of the promoters has been accomplished, and they are well pleased with their work.

The household effects of C. W. N. Young were shipped to Allegheny yesterday afternoon on the local.

There is much activity about the new school building on Erie street, and it will not be long until work on the walls will be begun. The brick work for the furnace has been started, and some parts of the furnace have been placed in position. The men who have charge of this work represent the firm which made the furnace. Several carpenters are also at work on the building.

Mrs. McDade, of St. George street, who has been quite ill for several weeks, is recovering.

A small child of Mrs. Henry Riley, of Dixonville, who has been under the care of a physician for several weeks, is recovering.

The men who attempted to secure the new Knowles China company to locate the pottery they intend to build in Chester in this part of the city, have not given up their work, and they are negotiating for the erection of another factory in that end of town. Chief among those who are trying to benefit this part of the city by securing new factories are Dr. W. M. Calhoun and Councilman John Arnold.

The meeting at the Second Presbyterian church this evening will be in charge of the pastor, Rev. N. M. Crows. Prof. R. E. Rayman will also address the meeting. Tomorrow evening the services will be in charge of Rev. W. M. Glasgow, of Wellsville. At 2:30 o'clock tomorrow afternoon there will be a special meeting, at which Rev. S. J. Boyle, of Martin's Ferry, will preside.

The retail price of oil in the suburb is decreasing rapidly, and if the prices continue to be reduced the consumers will be able to buy it for a song. The present quotation is eight cents a gallon, where a month ago the prices were 15 and 18 cents a gallon.

## SOUTH SIDE.

Assistant General Passenger Agent Fred. D. Sankey, of the Pennsylvania lines west of Pittsburg, was on the Southside yesterday inspecting the Rock Spring park. Mr. Sankey said that a number of picnics and excursions would probably be run to Chester during the summer, and picnics were now being booked.

Rapid progress is being made on the 15 new houses Charles A. Smith is erecting on the Southside Land company's addition. The foundation for the fourth house has been finished and the second house is about ready for the roof. It will not be long until the entire set of houses are completed.

Garrett Mercer, who has been ill for several days, is able to be about his work.

Joseph Metz, of Highlandtown, spent yesterday in Chester calling on his many friends. He returned to his home last evening.

The construction force of the telegraph company have about finished the work of erecting the poles along the extension. The linemen have been working in the vicinity of Congo for the past few days and they will reach Chester before long.

The sale at A. S. Johnson's farm, near Asbury chapel, yesterday afternoon, was well attended. Most everything was sold, and at a good price.

J. W. Brunson, who intended to move his family to the Southside this week, will be unable to do so until the first of the month. The family will occupy a house on Carolina avenue.

A sale will be held at the late residence of Mrs. Ruth Huff one week from tomorrow.

Frank Oliver has commenced the erection of a new frame residence.

Travel on the Southside cars was very heavy yesterday.

Mrs. Christian Allison, who injured her foot several weeks ago by the breaking of a step, is recovering.

The ground for the pottery to be erected by the Knowles China company was staked off yesterday. The plant will be built on the east part of the C. A. Smith addition, near the Kinney farm.

### MAYOR BOUGH.

Collected Just \$1,342 From Fines and Licenses Last Year.

The annual report of the mayor of the city of East Liverpool for the year ending April 10, 1900, is as follows:

Received from fines and licenses	\$1,342 00
Fees collected by Mayor	540 39
Fees collected by Marshal	287 04
Fees due mayor	290 55
Fees due Marshal	158 75
Fines with credits	193 00
Credits	141 17
Fines due	315 42
Fines paid by service in work house	208 00

### ANOTHER DAMAGE SUIT.

George Knowles Says His Property on Avondale Street Has Been Damaged.

At a meeting of council held last night George Knowles presented a bill for \$463.35 for damage to his property on Avondale street by reason of a change in the grade. The bill was referred to the new solicitor who will make a report at the next meeting.

### JR. O. U. A. M. SOCIAL.

Pride of the East Council, No 8, Jr. Order United American Mechanics, will give a social on Thursday evening, April 12, at their hall for members of the order and their ladies.

## ENGINEER GEORGE

Will Have to File a Bond This Year for the Faithful Performance of His Duty.

Marshall introduced an ordinance in council last night amending the ordinance creating the office of city civil engineer. The amendment says the engineer shall employ such assistants as the council may name and provides for a bond. Marshall suggested that the bond be placed at \$5,000, and said that was the only change in the old ordinance. He said the object of the ordinance was to hold the engineer responsible for any change in the grade of streets after it had been fixed by council. He said it would prevent many of the damage suits that council has to contend with, as the testimony in several of the past cases had made it look as though the grades had been changed after they had been established. The ordinance will do away with the changing of grades, even if a new grade will make a nicer street. The ordinance passed under a suspension of the rules, but McHenry and Smith voted against it.

### BUILDING INSPECTOR.

Cain Introduced an Ordinance Creating a New Office and Defining the Duties of It.

Last night at the meeting of council Cain introduced an ordinance creating the office of inspector of buildings and public safety. The ordinance provides that he shall be appointed by council for one year, but the amount of his salary was not named in the ordinance. He shall give a bond of \$1,000, with two sureties, shall be an architect, boss builder, foreman or journeyman with not less than 15 years' experience, and shall have an assistant when council deems it necessary. He shall have an office in city hall and keep a record of all transactions, permits issued and a statement of the class and description of every new building shall be filed annually with the council. He shall at all times note where buildings can be made more safe and shall keep an accurate record of all monies received by his department. The ordinance was permitted to go over to its second reading without comment.

### AFTER THE OPERA TRAIN.

After the Opera Trains From Pittsburg via Pennsylvania Lines.

During the grand opera season in Pittsburg, April 16, 17 and 18, special train arrangements will be made for the return of persons attending from New Castle, Steubenville and intermediate stations on the Pennsylvania lines; also from Wellsville, East Liverpool and stations on the Cleveland & Pittsburg division.

On the above dates train No. 341, which leaves Pittsburg union station at 12 o'clock, midnight, city time, for Cleveland, and train No. 47, which leaves the union station at 11:40 p. m., city time, for Steubenville, will be held until after the opera.

### COMING ATTRACTIONS.

Rentz-Santley Burlesque.

The premier in burlesque, the famous Rentz-Santley company, are announced for an appearance here tonight, April 11, at the Grand opera house.

"A Black Sheep."

Next Thursday evening will be one of merriment at the Grand, when Charles Hoyt's funniest concoction of melody and mirth will be presented. "A Black Sheep" is the quaint title, and it is said to be the brightest and breeziest of all this popular author's attempts.

## Do Your Limbs Ache?

Do you have any of the pains or fevers that give warning of the approach of rheumatism? Take TONGALINE in time. It will cure the worst cases of chronic rheumatism, but it is better to take it to prevent than to cure. For any pain or ache that cannot be accounted for TONGALINE is the best remedy. It has been prescribed for such pains by physicians for twenty years.

## WINE OF CARDUI

### WOMEN WHO WORK.

St. Louis, Mo., Aug. 12. Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

# Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

# CITY ENGINEER'S ANNUAL REPORT

Shows That During the Past Year  
\$40,000 of Street Paving  
Was Done.

## CONDITION OF THE STREETS

Many Half Worn Out Because of  
Wear and Tear and Plumbers'  
Picks—Remedy Needed.

## THE VARIOUS IMPROVEMENTS.

Engineer John A. George's annual  
report presented to council last night  
was as follows:

To the Honorable Council:  
Gentlemen—I herewith submit for  
your consideration the report of the  
work done under the supervision of  
the engineering department for the  
year ending March 31, 1900. The fol-  
lowing table shows the streets im-  
proved and completed during the  
year, with the cost of the same as  
per contract price for the same:

	Total Cost.
Bradshaw avenue .....	\$ 3,237 49
Pennsylvania avenue .....	11,995 08
Basil avenue .....	2,370 28
Spring street .....	2,690 97
Franklin avenue .....	4,347 55
Lisbon road .....	3,631 35
Grant street .....	3,493 42
Bank street .....	4,453 42
West Market street.....	1,463 25

Total .....\$37,682 91  
"The square yards of roadway pay-  
ing now laid in the city," continues  
the engineer, "will more than equal  
eight miles in length, with an aver-  
age width of 30 feet; but as in many  
parts of the city the width of paved  
part of the roadway is less than  
30 feet, it is possible to travel within  
the city limits much more than eight  
miles (possibly 16 miles) on paved  
streets, the advantages and conven-  
iences of which are appreciated by  
all.

### The River Road.

"The River road leading to the East  
End still remains in a condition that  
falls far short of satisfying the de-  
mands of public travel. At several  
points along the said thoroughfare the  
roadway is so contracted as to be  
not only exceedingly inconvenient,  
but even dangerous to travel. At the  
power house, and at Ralston's cross-  
ing the road should be widened in  
order to afford teams a reasonable  
chance to pass without being held  
up by each other, as well as by the  
street cars. Ralston's crossing is an  
exceedingly dangerous place, as it is  
impossible to see an approaching  
train until one is nearly on the track.

### The Hill Road.

"While the condition of the 'Hill'  
road to the East End is better than  
in former years, yet it would hardly  
be fair to call it a good road, as parts  
of the said thoroughfare are always  
in a bad condition, and at some parts  
of the year become well nigh impos-  
sible. The East End is growing rap-  
idly, and as a consequence the travel  
is ever increasing. It would be well  
if it could be put in the proper con-  
dition to afford easy and rapid trans-  
it between the two main parts of  
our rapidly growing city.

### Calcutta Road.

"It would be well if the improve-  
ment of Calcutta road could be pro-  
ceeded with at once, as the street car  
company are about to commence  
laying their tracks, and the street  
should be graded to the proper width  
before any tracks are laid."

### Sewers.

The following shows the amount of  
sewers constructed in sewer district  
No. 2:

Twelve-inch iron pipe, 668 line  
feet; 12-inch terra cotta pipe, 2,662  
line feet; 10-inch terra cotta pipe, 700  
line feet; 6-inch terra cotta pipe, 4-  
266 line feet; 4-inch terra cotta pipe,  
510 line feet; making a total of all  
kinds of 8,806 lineal feet.

### Expenditures.

Iron pipe and lead.....	\$ 749 48
Terra cotta pipe .....	501 38
Bricks for manholes .....	100 50
Cement and lumber .....	297 89
Manhole steps .....	59 00
Castings .....	25 00
Cost of construction .....	3,288 89

Total .....\$5,032 14  
In sewer district No. 1 there have  
been laid 1,400 line feet of 6-inch ter-  
ra cotta pipe on Thompson avenue.

### Storm Water Sewers.

Twenty-four-inch terra cotta pipe on  
Bradshaw avenue, 432 line feet; 24-  
inch terra cotta pipe on Trentvale  
street, 200 line feet; 24-inch terra cot-  
ta pipe on Oblique street, 400 line  
feet; 15-inch terra cotta pipe on  
Bradshaw avenue, 8-inch terra cotta  
pipe on Maple street and Pennsylva-  
nia avenue, 1,108 line feet; 6-inch ter-  
ra cotta pipe on Trentvale street, 330  
line feet; making 2,470 lineal feet in  
all.

"By footing the various amounts  
of each kind of pipe laid, it will be  
seen that we have constructed very  
nearly two and one-half miles of sew-  
ers. In a very short time we will  
have the trunk sewer connected with  
the sewers that were put down in  
the summer, in streets that were oth-  
erwise being improved, which will  
give relief to a large portion of our  
city now suffering for lack of sanitary  
drainage.

### West Market Street Sewer.

"The West Market street sewer  
does not work in a satisfactory man-  
ner, and it requires constant vigi-  
lance to prevent it from flooding cel-  
lars. The sewer as now constructed  
is almost level, and it is costing more  
to care for it than it would to build  
a new one. The sewer should be re-  
constructed and placed deeper in the  
street, and its course reversed and  
made to connect with the new trunk  
sanitary sewer, which is the natural  
outlet.

### Storm Water Sewer from the Diamond

"As now arranged all the storm  
water that collects in the Diamond  
is conveyed across Sixth street by  
means of drains constructed of curb-  
stones covered with metal castings.  
These drains are constantly clogging  
up and the casting covers are more  
or less of an annoyance to travelers.  
A better way would be to take the  
storm water under ground by means  
of sewer pipe into Tanyard run, the  
water could be dropped into the sew-  
ers at the corners of the Diamond  
and Sixth street, and with the pres-  
ent drains removed the street could

### The French Workman.

The French workman is the creature  
of life and the creature of the home  
and the workshop for the sense of the  
hardship and sometimes of the sorrow.  
Fashioned as he is in this way, two  
outside forces contend for the posses-  
sion of him. The question of ques-  
tions is, "Will he take his guidance  
from the recognized agencies within  
the law or from the agencies of re-  
volt?" The state and also, as we have  
seen, the church offer him all sorts of  
bribes and bonuses to consent to work  
in their way. They recognize his trade  
and self help societies. They try to  
get him to the altar as a devotee and  
to the urn as a voter. But he has  
heard of Utopias, and he longs to have  
one more struggle for absolute perfec-  
tion at short notice, though he may  
have to lay down his life in the at-  
tempt.

The key to modern French history is  
to be found here. Every political  
movement has to be a compromise be-  
tween the aspirations of the faubourg  
and the world as it wags. The French  
workman has been bred in the belief  
in revolution as a recognized agency  
of progress and by instinct and habit  
he loathes second best. The old order  
offers him the churches, the thrift and  
benefit societies, co-operation, insur-  
ance against accidents, education, tech-  
nical and other—the old political econ-  
omy, in a word, and the paternal state.  
The new whispers socialism, the com-  
mune, anarchy sometimes and with  
these the barricade.—Richard Whiteing  
in Century.

### Misunderstood Patriotism.

Professor Alfred B. Adams of New  
York was a soldier in the civil war and  
took part in the Red river campaign  
under Major General Nathaniel T.  
Banks.

"At one place," he said recently to  
one of his classes, "we surprised a  
southern garrison and took many pris-  
oners. They were guarding a moun-  
tain of cotton bales which were in-  
tended for shipment to Europe on ac-  
count of the southern government.  
General Banks promptly confiscated  
the cotton and transferred it to his flo-  
tilla. Each bale was stenciled 'C. S.  
A.' and over this the northern soldiers  
with marking brushes wrote in huge  
characters 'U. S. A.' I was on guard  
at the time, and one of my prisoners, a  
handsome, bright eyed young southern  
officer, said, 'Yank, what's that writing  
there?'"

"I looked proudly at him as I replied:  
'The United States of America over the  
Confederate States of America. Can't  
you read—U. S. A. over C. S. A.?'"

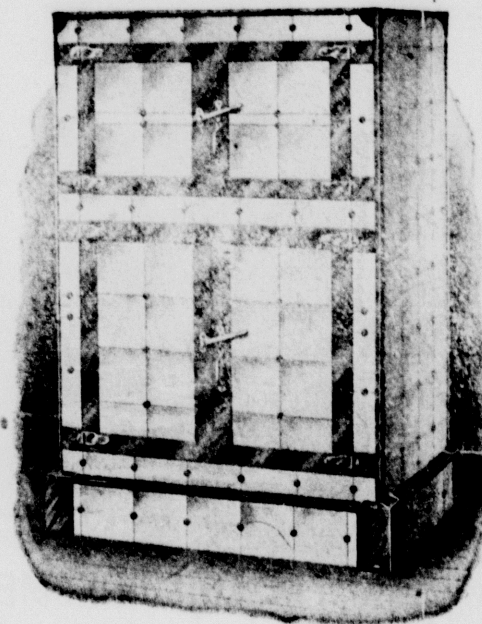

"He looked at me quizzically.  
'Thank you,' he said. 'Do you know,  
I thought it was United States of  
American Cotton Stealing Association.'"  
"The next question he put to me I  
didn't answer."—Saturday Evening  
Post.

### Baths and Fatigue.

Professor K. Beerwald says that  
when the body is fatigued or the brain  
has been overtaxed by excessive men-  
tal work it is very wrong to take a  
cold bath. Such a bath excites, he  
says, and if we add this to the already  
excited state of the body the result  
seems rejuvenating for the moment,  
but very soon the tension becomes too  
great, and the body cannot be forced  
to do more work.

According to the professor, a warm  
bath is the only kind to be applied  
when one wishes to recover from  
fatigue, and the longer a tired body  
remains in a bath of, say, 70 degrees  
the quieter become the strained nerves  
and the easier follows the sought for  
rest.

In the morning, after a good night's  
rest, a cold bath is very invigorating,  
but at no time during the day, if the  
nerves are strained, should it be re-  
peated.

### To "Sock."

This word is in constant use in  
Northamptonshire, England. It has  
two meanings, one being "to throw;"  
e. g., "I'll sock a stone at you." A fa-  
vorite diversion among boys is "sock-  
ing" birds. They proceed along the  
hedges, one boy or more on each side,  
all armed with stones, with which they  
unmercifully pelt, or "sock," any poor  
bird they come across. The other mean-  
ing of the word is "to beat or to clout;"  
e. g., "I'll fetch you a sock o' the ear-  
hole."

I have known "sock" in this connec-  
tion all my life, and it is sometimes  
now used here. "I'll sock b'm," "I'll  
give him bellsock," "He got a good  
socking" are common forms. A for-  
midable fighter is called "a bellsock-  
er." "Sock" is common when speak-  
ing of "thrashings" given and taken.

"To give one socks," meaning "to  
give one a good beating," is in common  
use in East Anglia. And so is "pull  
up your socks" for "wake haste" and  
"set to work."

A stone in the heel of a sock or stock-  
ing is a well known extempore life pre-  
server or taker.—Notes and Queries.

JOHN L. STRAUGHN.  
County Commissioner,  
W. K. GEORGE.  
Infirmary Director,  
T. O. KELLY.

Perhaps Dewey is going to run on  
Mayor Jones' Non-Partisan ticket.

Many people are afraid if Dewey  
got the White House he'd transfer it  
to his wife.

When the new police force gets its  
clothes it ought to give a free street  
parade at noon.

No wonder the members of council  
are harmonious. The increase in  
numbers puts them closer together.

Everybody was throwing bouquets  
at everybody else at city hall last  
night. President Peach even present-  
ed one to Mayor Bough.

## ANNUAL REPORTS.

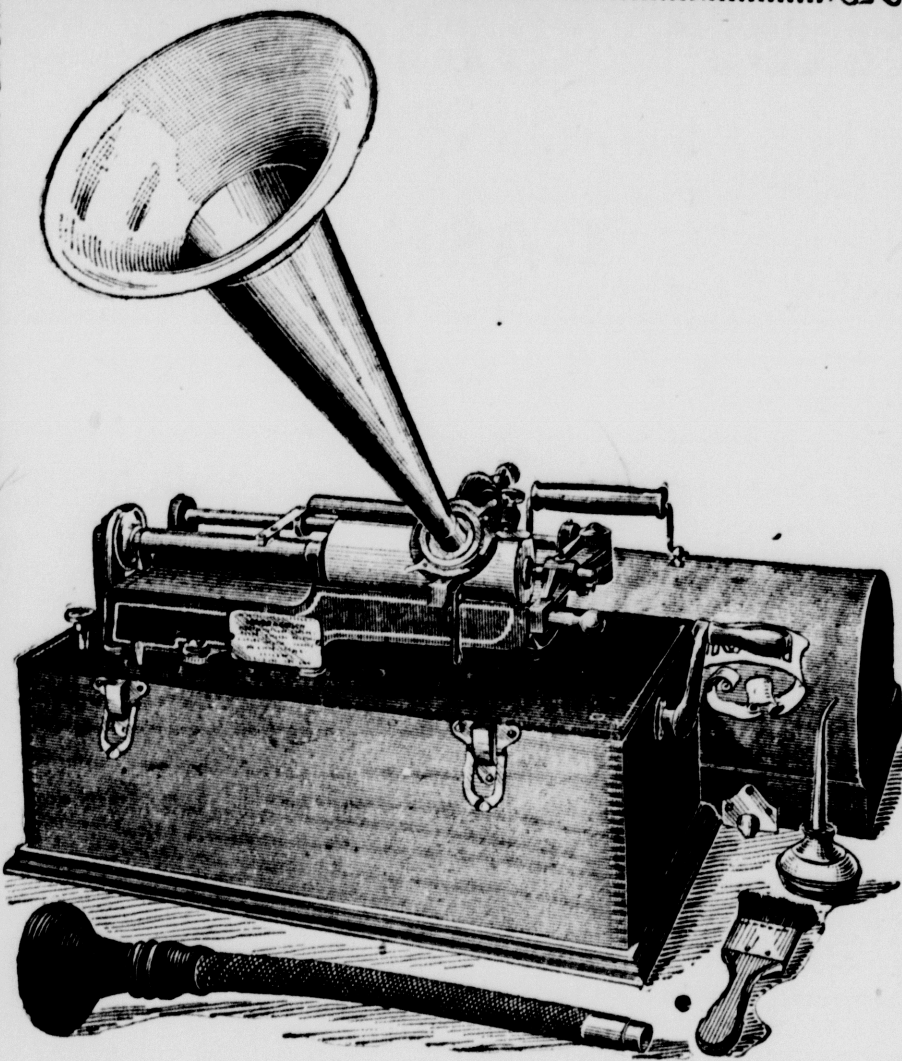

The annual reports of Mayor C. F.  
Bough, Fire Chief Morley, Clerk Han-  
ley and other city officials, presented  
to council last night, are well worth  
the space devoted to them in today's  
News Review. Every taxpayer will  
be interested in seeing just what  
was done with his money and in  
reading of the work accomplished  
by the various city departments. All  
the reports are creditable.

## HAPPY HARMONY.

"How sweet it is when brethren  
dwell together in peace and unity."  
This was wonderfully exemplified in  
councilmanic chambers last night,  
after the adjournment of the old and  
the formation of the new bodies. Not  
a ripple of discord. All went well  
as the marriage bell, and tranquillity  
reigned supreme. Clerk Hanley had  
furnished button hole bouquets, and  
these sweet messengers of peace  
seemed to create harmony of body  
and soul.

## PAVED STREETS.

Engineer George's annual report  
shows that practically \$40,000 have  
been expended in this city during the  
past year for street improvements.  
This is a fine showing for a city of  
this size and one of which the public  
may well be proud. The engineer's  
remarks upon the wear and tear of  
the streets, showing that as much if  
not more damage is done by improv-

er repaving when streets are opened,  
should engage the early attention of  
council. There ought to be a more  
rigid regulation of this matter.

## THE FACTS ABOUT IT.

The present famine in India is the  
worst in the history of the country,  
exceeding even that of 1876. It af-  
fects an area of 300,000 square miles  
and a population of 40,000,000, while  
21,000,000 are indirectly affected. It  
is caused by two seasons of poor crops  
and the failure of rainfall last Octo-  
ber. There can now be no rain until  
September, and no new crop until that  
time, eight months distant. The gov-  
ernment has established relief works  
and poor houses by which 5,000,000  
natives are being given work. The  
rate paid has been four cents a day  
for a strong man, two to three cents  
for an ordinary man or woman and  
half a cent for a child. This rate  
has been cut down to two cents for a  
man and one and a half a day for a  
woman. As the price of grain has  
of course risen enormously this pit-  
tance is entirely inadequate in many  
districts. The drain on England's re-  
sources in the Transvaal and the fall-  
ing off in revenue from taxation in  
India consequent upon the famine is  
given as the reason for the failure  
of the Indian administration to cope  
with the situation. Disease is follow-  
ing the famine, caused by hundreds  
of thousands being forced to subsist  
upon roots and wild berries, and the  
death rate has already passed the  
highest mark on record for any pre-  
vious famine.

## BREWER POTTERY SOLD.

Appraised at \$17,000 and Bought by  
Mortgagee For \$11,200  
Saturday.

Warren, April 10.—On Saturday af-  
ternoon the plant of the Brewer Pot-  
tery and Clay Manufacturing com-  
pany, which is now in litigation in  
common pleas court, was sold by S.  
F. Bartlett for Receiver Mungo W.  
Brownlee. The property was ap-  
praised at \$17,000 and was bid in by  
the mortgagee, A. J. McFarland, of  
Cortland, for \$11,200. The realty, per-  
sonal holdings and patent were sold  
separately for the following amounts:  
Realty, \$8,700; personal property, \$1,  
300; patent in brewer jug, \$1,200. By  
an oversight of the attorneys and  
judge, the January term of court was  
closed on Saturday before the sale

could be confirmed. Nothing can be  
done until the next term of court. It  
had been expected to go forward with  
operating the plant at once, but this  
retards it for some time.

## ASK LEWIS BROS. ABOUT IT.

**potteen.**  
This wild west of Ireland is the nat-  
ural home of "potteen," or illicit whis-  
ky. This is because the loneliness and  
remoteness of the spots chosen for  
making it, almost inaccessible through  
the mountains and bogs save to those  
who know something about the coun-  
try, are all in favor of the smugglers  
escaping detection, while its network  
of mountain lakes and small running  
streams affords the necessary cold wa-  
ter for condensing the distilled fumes  
into spirit during the cooling process.

Dear beyond any "parliament whis-  
ky"—by which expression he denotes  
that sort which has paid the tax impos-  
ed by the brutal Saxon government—  
is this fiery fluid to the heart of every  
true peasant son of Connaught, and  
daughter, too, for that matter, for the  
fair sex, especially if at all up in years,  
takes its fair share. And, in the inter-  
est of truth, it must be added that  
those who inhabit the coast counties  
from Kerry to Donegal, inclusive, are  
also fully alive to its seductive merits.  
Indeed, many doctors—local, of course  
—will tell you that well made potteen  
is better in sickness than the adulter-  
ated whisky usually met with in the  
small public houses in this region of  
poverty, for in the Connemara country  
at any rate the illicit whisky is made  
of pure malt, though rumor has it that  
the less particular palate of Donegal,  
for instance, is satisfied with a fire

water mainly made from molasses, po-  
tatoes—aye, sometimes from almost  
any other rubbish you please.—Cham-  
bers' Journal

## A Spelling Competition.

The other day Jones said to Brown,  
"I'll bet you anything you like you  
can't spell three simple words I'll give  
you within 20 seconds."

"I'll go you. What are they?" said  
Brown.

"Well, here goes," Jones said as he  
pulled out his watch. "Believe."

"B-e-l-i-e-v-e."

"Receive."

"R-e-c-e-i-v-e," again Brown spelled.

"Wrong!" said Jones.

"What?" exclaimed Brown in sur-  
prised tones. "I've spelled the two  
words you gave me correctly. I'm  
certainly not!"

"Time's up!" Jones said triumphantly.  
"Why didn't you spell the third  
word—w-r-o-n-g?"

## A Bit of the Colonial.

Ezekiel loved Mercy madly, but it  
was necessary, since they were colo-  
nial, to be very quaint about it.

"Wilt thou come and bake my  
bread?" asked Ezekiel accordingly.

"No," replied Mercy, with candor.  
"for I shall not need thy dough!"

From this we gather that Mercy was  
somewhat rich in her own right.—De-

# CHIEF MORLEY'S ANNUAL REPORT

The Fire Department Answered 44  
Calls During the Past  
Year.

## GUM HOSE ATTACHMENTS

Caused 16 Fires and the Chief Re-  
commends That Council Pass  
an Ordinance.

## DEPARTMENT POLICE RECORD.

At the meeting of council last night  
Fire Chief Morley presented the fol-  
lowing report:

East Liverpool, April 10.  
To the Honorable City Council:

I have the honor to submit to you  
as chief of the East Liverpool fire  
department our annual report for the  
year ending April 1. Alarms an-  
swered by the department are as fol-  
lows: Central station 42, East End  
2. There is a decrease of 20 calls  
over the previous year. Causes of  
fire where gum hose was used from  
gas jets and stoves for heating pur-  
poses, 16; roof fires, 9; chimney, 8;  
heaters, 2; electric wires, 7; paint.

1. At one alarm to which we re-  
sponded our services were not re-  
quired. At eight fires the large hose  
was used, and a total number of 9,500  
feet was laid; Babcocks used, Central  
station, 15; East End, 1. The largest  
fire was the J. W. Young baby car-  
riage factory on lower Broadway,  
and St. Stephen's Episcopal church.  
We have on hand the following equip-  
ment, all in first-class condition: At  
Central station, one Silsby engine,  
one Babcock aerial hook and ladder  
truck, one reserve hose reel, carrying  
700 feet of hose, a total of 2,000 feet  
of hose; eight horses; two 3-gallon  
extinguishers.

At the East End station there is one  
wagon carrying 1,000 feet of hose,  
two 3-gallon extinguishers, two lad-  
ders and two horses.

Northside, one hand hose reel, car-  
rying 500 feet of hose; total number  
feet of hose in all departments, 4,000,  
of which 3,500 feet are in good con-  
dition.

In the interest of the welfare of  
our city and to life and property, I  
would suggest that council pass an  
ordinance prohibiting the use of gum  
hose attachments. It will be seen  
that 16 fires resulted from this cause.

H. C. MORLEY,  
Chief.

J. F. McCULLOUGH,  
Assistant Chief.

The police report of the department  
for the year is as follows: Patrol  
calls, 297; persons hauled to jail,  
327; arrests by officers were: By  
Grim, 30; McMillan, 10; White, 25  
calls 29 arrests; Mahoney, 20 calls 24  
arrests; Whan, 12 calls 15 arrests;  
Johnson, 1; Moore, 1 call 3 arrests;  
Johnson (special), 1; Vanfossen 1;  
Powell, 2; Supplee, 1; Fleist, 1; Du-  
vidson, 14 calls 16 arrests; Shepler,  
1; Mayor Bough, 1 call 1 arrest; Wil-  
son, 1 call 2 arrests; Carroll, 1.  
The firemen had 174 calls and made  
189 arrests; ambulance calls, 55.

## NEW ADMINISTRATION.

BEGAN DOING BUSINESS THIS  
MORNING.

Chief Thompson Arranged the Beats  
of the New  
Officers.

Mayor Davidson and Marshal  
Thompson were sworn in yesterday  
afternoon by Mayor Bough, and this  
morning assumed charge of the city  
government.

Mayor Davidson did not have a case  
to look after and spent the day get-  
ting acquainted with the office. Mar-  
shal Thompson did the same thing.

The new officers were all sworn  
in and presented with the necessary  
articles that go with their jobs. The  
retiring officers returned what prop-  
erty they had that belonged to the  
city and the new administration  
started out in good shape.

Ex-Mayor Bough was a caller at  
city hall and assisted Mayor Davidson  
in getting initiated.

Marshal Thompson arranged the du-  
ties of the policemen so that there  
will be one man on from 6 a. m. to  
6 p. m., two from 12 noon to 12 mid-  
night and three from 6 p. m. to 6  
a. m. By this arrangement there will  
be one officer on duty all day, three  
from noon until 6 o'clock, five from  
6 o'clock to midnight and three all  
night. Marshal Thompson informed  
the officers that he did not intend to  
favor any of them and the beats  
would be arranged so that each offi-  
cer would get two weeks day duty in  
a regular turn.

The police committee of council  
will meet Friday night and discuss the  
question of uniforms and some other  
details with the new police force. The  
new committee does not favor the long  
frock coat for a summer uniform, and  
will introduce an ordinance to permit  
the officers to wear sack coats during  
the summer. In all other respects the  
rules of the old police committee are  
satisfactory.

## MT. HOPE COLLEGE.

Final Effort Being Made to Save the  
Charter of the  
Institution.

Lisbon, April 11.—(Special.)—Judge  
Billingsley, of this city, and L. T.  
Farr, of Rogers, were in Columbus  
conferring with Attorney General  
Sheets concerning the suit pending in  
the supreme court at Columbus, to  
annul the charter of the Mt. Hope Col-  
lege company, of Rogers, on the  
ground that the company has violated  
certain provisions of its charter. They  
endeavored to bring about a success-  
ful adjustment of the case without  
proceeding to trial, and they held a  
long discussion with the attorney gen-  
eral, in which the troubles of the  
college were fully reviewed, claim-  
ing the institution is not to blame as  
much as is generally supposed. There  
seem to be well founded reasons now  
for the belief that the charter of the  
college will not be revoked after all.

## GEN. DEWET A VICTOR

Whipped British Force, at Meerkatafontein.

600 ENGLISH DEAD AND WOUNDED.

The Burghers Captured 900, Also 12 Wagons—Five Boers Were Killed and Nine Wounded—Roberts Said to Be Bothered by Scarcity of Water.

LONDON, April 11.—A dispatch to The Daily Mail from Brandfort, dated Sunday, says:

Yesterday General DeWet inflicted the third defeat of the British within a week at Meerkatafontein, killing and wounding 600. He captured 900, with 12 wagons, losing five Boers killed and nine wounded.

The Daily News has the following from Pretoria, dated Monday, by way of Delagoa bay:

"It is officially announced that a battle has been fought south of Brandfort,

long conference with envoys. It is asserted by passengers that the peace commissioners are empowered to open negotiations for an acceptable peace or for a truce, with a view to subsequent negotiations.

Prisoners Reach St. Helena.

ISLAND OF ST. HELENA, April 11.—The Niobe and the Milwaukee have arrived here with the Boer prisoners. Their health is good, with the exception of four cases of measles, necessitating the Milwaukee being quarantined. The prisoners are quiet and well behaved. They were ordered well treated.

## WILL OBSERVE SUNDAY

Paris Exposition Authorities Permit United States Exhibit to Be Closed.

Paris, April 11.—United States Commissioner Ferdinand Peck has consulted with the authorities at Washington respecting the question of Sunday opening at the exposition in this city, and has received a telegram saying that President McKinley desired that the American section should be closed on the Sabbath, as far as allowed by the French regulations.

At Mr. Peck's instance, the director general of the exposition has given the American commissioner special permission to close the American pavilion Sundays.

## MACRUM'S MUTILATED

MAIL NOT FOUND.

Consul Hay Reported He Had Searched the Consulate and Found None, as Macrum Charged.

WASHINGTON, April 11.—United States Consul Hay, at Pretoria, responded to the inquiry addressed to him by the department respecting ex-Consul Macrum's charge that the official mail of the consulate was tampered with. Mr. Hay reports that after a careful search he has failed to find in the files of the consulate the slightest evidence to support the statement.

The consul further reported that there is absolutely no interference, so far as he has been able to ascertain, with any of the official communications, either telegraphic or mail, which pass between the department of state and the consulate.

## SIBLEY THE CHOICE FOR CONGRESS.

Had a Majority Over Stone in McKean County, Pa., Convention.

BRADFORD, Pa., April 11.—At McKean county's Republican convention, at Smethport, the total vote for the head of the ticket as officially counted, showed a majority of 1,170 for J. C. Sibley for congress over R. B. Stone, anti-Quayite.

The resolutions endorse President McKinley, Governor Stone, Senator Penrose and Congressman Sibley for their attitude on public questions, and express regret that the United States senate has refused a seat to Hon. M. S. Quay. Theodore L. Flood of Crawford county is endorsed for congressman-at-large.

## A Quay Convention Throughout.

BEDFORD, Pa., April 11.—The Bedford county Republican convention was a Quay convention throughout. Resolutions were adopted eulogizing President McKinley and Governor Stone and the nominees for the legislature were positively instructed to go into the caucus and support the caucus nominee for United States senator. Hon. John M. Reynolds was endorsed for congress by a vote of 53 to 27 for Thropp, the present congressman.

## By Votes of Democrats.

WASHINGTON, April 11.—The petition endorsing the actions of Governor Stuenkel and requesting that the federal troops be continued in Shoshone county, Ida., which was signed by 1,388 reputable men and citizens of the Couer d'Alene district, was kept from the records of the investigating committee by the votes of the Democratic members.

## Indicted For Alleged Riot.

ALTOONA, Pa., April 11.—The grand jury, in session at Brookville, found true bills against one woman and 15 of the 30 men implicated in the trouble at the mines of the Berwind-White people at Horatio two weeks ago, and the accused will be placed on trial today for riot, surety of the peace and assault and battery.

## Jefferson Was Day's Guest.

CANTON, O., April 11.—Joe Jefferson was the guest of honor at a dinner given by former Secretary of State and Mrs. Day.

## Queen Took a Drive.

DUBLIN, April 11.—Queen Victoria took her customary drive in her chair in the vice regal grounds.

## BILL'S FATE IN DOUBT.

House Closely Divided on Porto Rican Measure.

## A NARROW REPUBLICAN MARGIN.

Rules Committee Will Meet Today to Formulate a Special Rule—Debate on This Subject May Prevent a Vote on Measure Today.

WASHINGTON, April 11.—A meeting of the house rules committee has been called for today, when the question of a special rule fixing the time and duration of debate on the Porto Rican bill will be determined. If two hours on each side is allowed, the vote will come late in the day, if at all today, as considerable time will be spent in passing the special rule.

As to the final result of the fight, there continues to be much doubt and not a little anxiety on the Republican side, owing to the extremely narrow margin between the two sides.

Representative Long, the Republican "whip," said:

"There is too much doubt to venture a prediction. The situation is summed up thus: The Republican majority in the house is 19, there are eight Republicans against the bill, that leaves a majority of only three. It is an extremely narrow margin."

Representative Underwood, the Democratic "whip," said:

"We will have every man present except two sick in bed. There will be no Democratic votes for the bill. This will make the vote very close and we hope to prevent concurrence."

## SENATOR CLARK

LOSES HIS SEAT.

Senate Committee Unanimously Votes Against the Montana Multi-Millionaire. Victim of Corrupt Politics.

WASHINGTON, April 11.—The senate committee on privileges and elections decided by a unanimous vote to recommend the adoption of a resolution declaring that Hon. W. A. Clark, of Montana, is not entitled to occupy his seat as a senator from Montana. The decision was reached after a two hours' sitting, at which all the members of the committee were present, except one. The absentee was Senator Caffery, of Louisiana, and he wired his vote in opposition to Mr. Clark.

There were many expressions in the committee favorable to Senator Clark from a personal point of view, and more than one senator gave utterance to doubts as to whether he had actual personal part in knowledge of the expenditure. Others expressed the opinion that the senator was in a certain sense the victim of environment and of habit. The outlay of money in past elections in Montana was dwelt upon as one of the explanations of the liberal expenditures in this case.

## DATE FOR A VOTE

ON THE QUAY CASE.

The Senate, Without Objection From Any Source, Selected April 24—Tributes to Bland's Memory.

WASHINGTON, April 11.—Without objection from any source the senate agreed to take a final vote on the right of the Hon. M. S. Quay to a seat as a senator from Pennsylvania on Tuesday, April 24, at 4 p. m.

During its session the senate paid its tribute to the late Richard Parks Bland, long a representative from Missouri. The eulogies pronounced on the dead statesman were notable for their earnestness and eloquence.

## AGRICULTURAL BILL PASSED.

Free Seed Amendments of Corliss Were Not Adopted.

WASHINGTON, April 11.—The house of representatives passed the agricultural appropriation bill substantially as reported. An animated discussion arose over a series of amendments offered by Mr. Corliss of Michigan restricting the distribution of free seeds and free vaccine. Mr. Corliss maintained that the government distribution invaded the field of private enterprise. His various amendments failed, however, after extended debate.

An amendment by Mr. Latimer (S. C.) was adopted increasing the supply of "farmers' bulletins" issued by the agricultural department and distributed by congress.

## General Booth Congratulated.

LONDON, April 11.—The birthday of the Rev. William Booth, general of the

Salvation army, who was born at Nottingham, England, April 10, 1829, was signalized by the receipt of hundreds of congratulatory messages from all parts of the world and the presentation of a purse of \$200,000, as the result of the collections made during the self-denial week of the army just concluded.

## BANKING HOUSE FAILS.

Reinhard & Co. Suspend Business, at Columbus—Due to Persistent Adverse Rumors.

COLUMBUS, April 11.—The bank of Reinhard & Co., founded in 1868, suspended business and about the same time John G. and Henry A. Reinhard fled deeds of assignment to Thomas J. Abernathy, who qualified by giving bonds aggregating \$325,000. John G. Reinhard, cashier of the bank, made a statement, saying in part:

"The suspension was caused by persistent rumors, which have been afloat for about four weeks, reflecting on the financial condition of the bank and its owners. In one month's time our deposits have dwindled down from \$350,000 to \$98,000 and there were scarcely any new deposits. There has been a steady and systematic run on the bank for a month, and on Saturday and Monday the withdrawals were very large."

"Our inability to raise funds precipitated the suspension of the bank and the assignments. The assignments were made to protect the interests of our depositors, who will be paid dollar for dollar. Our assets are at least \$200,000 in excess of our combined liabilities."

## THREE-CORNERED WAR

IN CENTRAL AMERICA.

Nicaraguans Land on the Isthmus—Colombians to Attack and Costa Ricans May Do So.

WASHINGTON, April 11.—It would not surprise officials here if the recent action of Nicaraguan filibusters in landing on the Pacific side of the Isthmus should result in involving at least three of the Central American republics in difficulties.

It appears that the Nicaraguans have made a landing, though it is not clear whether their movement is directed against Nicaragua or Costa Rica. The party made its way to a place named David, near the boundary line between Costa Rica and Colombia, but within the lines of the tract of territory claimed by both nations.

The government of Colombia has taken steps to send a force against the filibusters, assuming that they are on Colombian soil, and it is possible that the government of Costa Rica will do likewise. In that case there may be complications. Meanwhile, the cruiser Detroit has gone into the Gulf of Chiriqui, on the gulf side, but the nearest port of access to David, to safeguard American interests.

## FIVE NON-UNIONISTS INJURED.

Strikers Attacked Them While at Work in Chicago.

CHICAGO, April 11.—After about two weeks of comparative freedom from strife there was a renewal of rioting in the local labor war. At the new Marshall Field building, Adams and Clark streets, as well as at the scene of the excavations for the Western Electric building, at Jefferson and West Harrison streets, serious affrays took place, the combatants being union mechanics against non-union men, who had been put to work to fill the places of discharged trades unionists.

Five workmen, all said to be non-union artisans, were injured.

## The Messenger to Kruger.

NEW YORK, April 11.—Mayor Van Wyck greeted James Francis Smith, the messenger who is carrying a message of sympathy from the High school boys of Philadelphia to President Kruger, at the city hall. Smith leaves on the St. Louis today. He was accompanied to the mayor's office by a delegation of New York High school boys. Smith was selected at a meeting of the High school boys to carry the message to President Kruger.

## Anti-Oleomargarine Law Upheld.

COLUMBUS, April 11.—The supreme court handed down a decision sustaining the law which prohibits the coloring of oleomargarine in imitation of butter. The decision was in a quo warranto action against the Capital City Dairy company, of this city, which is ousted from its charter, granted under the laws of Ohio. The company will appeal the case to the United States supreme court.

## Dewey Still In the Race.

WASHINGTON, April 11.—Admiral Dewey said that the report published in a New York afternoon newspaper to the effect that he intended to withdraw his candidacy for the presidency was all a mistake, that he had never given any one whatever any such information.

## SHIP TO CARRY FOOD.

One Ordered Chartered For Trip to India.

## CORN FOR HUNGRY NATIVES.

Dr. Klopsch, Editor of the Christian Herald, Notified Naval Department He Had Gathered a Large Supply of Foodstuffs. Charles M. Pepper Also Interested.

WASHINGTON, April 11.—The navy department is doing all in its power to relieve the famine stricken people of India. Dr. Lewis Klopsch, of The Christian Herald, has notified the department that he has succeeded in collecting a large supply of foodstuffs, mainly corn, for the famine sufferers, and has appealed to the department to transport this supply to India.

Mr. Charles Pepper was at the navy department to urge speedy action in the matter and met with success.

Judge Advocate Lemly telegraphed Pay Director Deniston, in charge of the naval pay office at New York, to proceed with dispatch to ascertain the terms which he could charter a vessel to carry out to India the foodstuffs which he had collected at New York.

Dr. Klopsch also was telegraphed to put himself in communication with the pay officer in order to forward the work.

## TOWNE'S VIEWS NOW OF SPECIAL IMPORT.

Possibility of His Running With Bryan Make This Statement Especially Interesting.

DULUTH, Minn., April 11.—The possible candidacy of Charles A. Towne for the vice presidency on the Democratic ticket makes his views as to current issues of interest. Following is an extract from a statement made by Mr. Towne:

The principle on which the claims for bimetalism rested in 1896 is avowed by every standard and political economist that has ever written during 2,000 years in any language or any country, and it is no abandonment of that principle to admit that circumstances may have temporarily obscured the importance of the question, either by a relaxation of the rigors of monometallism through increased monetary supplies, or by the appearance of other issues, which, because of their far-reaching importance, must claim first places in the interest of people until they are settled, and settled right.

There are no terrors for me in the detraction of either malevolent misrepresentation or ignorant malice. The Republican party has followed up its surrender to the banks in 1896 by as base surrender to the trusts, and above and beyond all else it has challenged the patriotism of the American people by laying an unholy hand upon the constitution and by proposing to divorce the flag from the glorious legends of liberty that have heretofore always waved upon its resplendent folds. I have not the slightest hesitancy in saying that all other questions must remain subordinate to this great problem of how to save the government of our fathers from its recreant betrayal at the hands of the present day leaders of the Republican party.

## Caldwell Would Not Accept.

WASHINGTON, April 11.—Judge Henry C. Caldwell, of Arkansas, who has been extensively spoken of as a candidate for vice president, and who has received a great number of letters urging him to agree to accept that position in case it should be tendered him, has written a letter to Senator Jones, of Arkansas, who is his personal friend, saying that he cannot consent to such use of his name and that his resolution in this matter is absolutely irrevocable.

## Bryan Addressed a Large Crowd.

LOS ANGELES, April 11.—W. J. Bryan addressed a large crowd here. Ex-United States Senator S. G. White presided over the meeting. Mr. Bryan will attend a meeting of the Silver Republican state convention today.

## Ohio Naval Militia's Cruise.

WASHINGTON, April 11.—Captain Sutherland, in charge of naval militia affairs, has made up the itinerary for the summer cruises of the naval militia organizations of the state bordering on the great lakes. All of these are to be made on the old gunboat Michigan. She is ordered to be at Cleveland, or such other Ohio port as the governor of Ohio may select, on June 25, to instruct the Ohio naval militia for a period of seven days.

## Moore and Berry May Be Bishops.

DENVER, Colo., April 11.—Rev. Wheelan, of this city, published a signed article on probabilities to happen at the Methodist general conference, in Chicago, in May. He said general eastern and western correspondence shows that Rev. Dr. David H. Moore, of The Western Advocate, and Rev. J. F. Berry, of

the Epworth Herald, are certain of a walkover for bishops.

## A DAY IN WALL STREET.

Movement of Prices Largely Represented Contest of Speculative Forces For Supremacy.

NEW YORK, April 11.—Movement of prices in Tuesday's stock market largely represented a contest of speculative forces for supremacy. The forces of reaction finally prevailed, and the market closed decidedly weak and at a level generally below Monday night's close.

The operators for a rise seemed to lose courage toward the close of the day and realizing in stocks which had shown strength was very general. These included stocks in the railroad list, particularly the Baltimore and Ohio stocks, Missouri Pacific and other southwestern railroads, Norfolk and Western and some of the coalers. The industrials and specialties were extremely active and irregular, under the influence of special causes. Sugar rallied sharply from an early decline on the announcement that the company's principal competitor had advanced the price of refined sugars to a parity. The stock sold off again with the general weakness of the market.

A further rise in sterling exchange to within a fraction of the gold export point led to a discussion of the prospect of an outward movement of gold. The continued ease of money here would favor such a movement, but the taking up of the installment of the British loan which stiffened Tuesday's money market in London, may be followed by a relaxation in money rates there and a sympathetic response in sterling exchange here.

The bond market was moderately active and price changes were irregular. Total sales, par value, \$2,200,000.

United States new 4s declined  $\frac{1}{8}$  and the old 4s advanced  $\frac{3}{8}$ , and the 5s  $\frac{1}{2}$  in the bid price.

## Chicago Wheat, Corn and Provisions.

CHICAGO, April 11.—Uncertainty over the government crop report, due Tuesday afternoon, and the prudence of a large short interest fearing it would be bullish, produced a dull but firm wheat market Tuesday. May wheat closed  $\frac{1}{4}$  @  $\frac{3}{8}$ c, May corn  $\frac{1}{2}$  @  $\frac{3}{8}$ c and May oats  $\frac{3}{8}$ c over Monday. Provisions were strong and active, closing from  $\frac{1}{2}$ c to  $\frac{1}{4}$ c higher for May ribs to  $\frac{1}{2}$ c improved for May pork.

## Get-Rich-Quick Miller's Trial.

NEW YORK, April 11.—More than 50 employees of William F. Miller's get-rich-quick syndicate testified against him in his trial. The figures on the books showed this entry for one day: "Guesswork, \$69,000." Over \$1,000 a day was paid in commissions to persons bringing new customers. Rudolph Guenther, an advertising agent, testified that he had Miller's advertisement in 600 to 700 newspapers at one time and Miller paid him, from July 15 to Nov. 25, \$22,000 for advertising. Counsel for the defendant admitted that the amount of surplus belonging to depositors of the syndicate and now invested for their benefit and now due them is \$1,156,073.

## Maryland Miners to Strike.

FROSTBURG, Md., April 11.—A general strike of all the miners in the George's creek region has been ordered for tonight at midnight. Nearly 5,000 men are involved. The miners insist on an increase of 55 to 60 cents per ton of 2,240 pounds.

## PULLMAN PARLOR CARS.

Improving the Train Service to  
Pittsburg and Cleveland via  
Pennsylvania Lines.

New Pullman parlor cars have taken the place of the parlor cars running on trains Nos. 327 and 338, between Pittsburgh and Cleveland over the Pennsylvania lines. The new cars are the latest pattern turned out by the Pullman company and are finished and furnished in a substantial manner. They have roomy and comfortable revolving arm chairs, wide plate glass windows, commodious smoking apartment and a large retiring room for ladies. This room is fitted up with dresser and plate glass mirror. The new cars leave East Liverpool for Cleveland at 2:49 p. m. and for Pittsburgh at 7:04 p. m., central time, week days.

You can secure these advantages by mail as well as in person. Write or call for booklet describing how to bank by mail in this bank with over 17,000 depositors and over \$5,000,000.00 on deposit.

### Alex Surprised Them.

Alexander MacArthur, author of a successful study of life in the Latin quarter of Paris, which brought to the writer both popularity and profit, is also the pupil and biographer of Rubinstein. The author lived for two years in St. Petersburg, corresponding for the London press and taking part in some thrilling adventures, but the most singular of the writer's experiences happened in Chicago after the novel had been brought out by a publisher of that city. The book had been so successful that the publisher decided to give the author a dinner, to which a dozen of the leading men of letters in the lake city were invited. The guests had assembled when the author was announced.

Through the blue haze of smoke there appeared a handsome young woman attired in evening dress.

"We are expecting Mr. MacArthur," said the host, "Mr. Alexander MacArthur, the novelist."

"So I understand," returned the unexpected guest. "I am Alexander MacArthur."

"You?" gasped the publisher.

"Yes. Didn't you know? I am Lilian MacArthur, at your service. I have been writing over the name of Alexander ever since I left my home in Dublin."

It was only the work of a minute to rearrange matters, and the dinner was a great success.—Saturday Evening Post.

### Patrol on Russian Railroads.

The Transsiberian railroad is very closely guarded, the management feeling personally responsible for the people they carry on their trains. The road is divided into sections of one verst, or five-eighths of a mile. In a neat little log house, usually in a garden, live the guard and his people. The average family is a wife and five tow-headed children. The houses were built by the company and evidently with a view to meeting the demands of increasing families. The guard or a member of his family must patrol his section night and day. He steps to the side of the track as the train approaches and after it has passed steps back into the middle of the track, holds a small green flag in the air, at night a lantern, and stands like a statue until the train has entered the next section. Several guards do duty in the heavy curves, and frequently they are only a few hundred feet apart.

Much of the track patrolling is done by women, who have proved fully as reliable as the men. The women are nearly always barefooted, and as they stand on the track holding the flag aloft, a Siberian breeze toying with their short skirts, they are fine subjects for a sculptor after a unique model.—Siberian Letter in Chicago Record.

## A PLUNGE TO DEATH.

SAM PATCH'S FAMOUS JUMP OVER  
THE GENESEE FALLS.

The Last of a Sensational Series of Daring Feats Which Might Have Resulted Differently but For a Bottle of Brandy.

Nov. 13, 1829, Sam Patch lost his life in jumping from a scaffold 25 feet above the brink of the Genesee falls into the abyss below. He undertook to jump in all a distance of 125 feet. Of course the whole population of Rochester as well as the farmers from neighboring villages were upon the scene. The fame of Patch had for several weeks been a topic of conversation among the early settlers.

Patch was born in Rhode Island in 1807. Soon after he removed to Paterson, N. J., at which place in 1827 he was seized with the jumping mania. After giving several daring exhibitions in New Jersey he decided to try his luck at Niagara falls two years later. In October, 1827, he jumped from a shelving rock between Goat island and the gurgling waters many feet below. A few days later he startled the natives by jumping from the old Fitzhugh street bridge at dawn. He swam under the water to a convenient hiding place, where he had much amusement in watching several boats crowded with people dragging for his body. They were startled when he called merrily to them, joking them for their wasted efforts in his behalf.

On another morning he startled a Rochester lad by jumping from the brink of the falls to the rapids below. If Patch had not reassured the boy, he would have had half of the population of Rochester dragging the water for his dead body.

With such a record it is no wonder that on the morning of Nov. 13 all the muddy roads leading to Rochester were thronged with people desirous of seeing the wonderful jumper. Even if farmers were unusually busy in securing the last of their harvests they found time to take a day or two off in order to witness the feats of Sam Patch. Several boats brought hundreds of visitors in holiday attire from Canada, Oswego and Lewiston, Buffalo, Canandaigua and Batavia were almost depopulated on account of the exodus to Rochester. The few taverns in the city turned guests away, and many had to camp out overnight.

Notwithstanding the raw, cold weather throngs of settlers lined the banks below the falls. Although Sam said he did not feel the cold weather, he was pleased to fortify himself with a drink of brandy tendered to him by his friend, William Cochrane. Several of the spectators contributed a unique uniform. Dressed in white trousers decorated with a black silk handkerchief tied around his body, surmounted by a light woolen jacket and skullcap, Sam must have presented a grotesque appearance.

After taking another drink from the flask Sam made the following speech to the thousands of breathless spectators: "Napoleon was a great man and a great general. He conquered armies, and he conquered nations. But he couldn't jump the Genesee falls. Wellington was a great man and a great soldier. He conquered armies, and he conquered nations, and he conquered Napoleon, but he couldn't jump the Genesee falls. That was left for me to do, and I can do it and will."

Although Sam Patch could jump the Genesee falls when he was sober, he could not do it when he felt the effects of the brandy. Owing to this fact he met his death when he took the jump. When the thousands of silent and horror-stricken spectators saw Sam strike the water, they did not see him come to the surface. His descent was so unlike his previous efforts, when he shot like an arrow from a bow, that the spectators were certain that he met his doom when he reached the water and the jagged, piercing rocks beneath.

The spectators searched in vain for the jumper. The torches of the searchers along the river bank and those of the searchers who dragged the river in boats lit up the river during the long night hours. Amid the roar of the cataract the sorrowing multitude shed tears for the jolly good fellow who, like many others, loved his bottle on occasions.

Notwithstanding the rumors that Sam Patch had been seen alive in Rochester nothing was heard of him until St. Patrick's day, when his body was found in a cake of ice near the

mouth of the Genesee. His remains were buried in the cemetery at Charlotte. Although it had been the ambition of his life to jump London bridge, he met his death in the Genesee. The feats of Sam Patch filled the newspapers for weeks, and although such poets as Mrs. Sigourney wrote poems dedicated to his memory no monument has been erected in commemoration of his feats.

Indeed, the event produced a profound impression upon the people of those days. On the following Sunday the preachers in Rochester and neighboring towns could not say enough against the evils of jumping. Some even went as far as Josiah Bissell, who told the pupils of the Third church Sunday school that because they saw the fatal leap they were accessories to his death and were murderers in the sight of God.—Rochester Herald.

### What He Thought of It.

The following retort is recorded of Mr. Maurice Barrymore: Once at the Hoffman House, New York, an English stranger interfered with the conversation of a knot of friends by a long tirade against all things American. He finished by an attack on our spelling.

"Why, you can't even spell correctly in this confounded country! Honour, h-o-n-o-r; labour, l-a-b-o-r. What do you think of that, Barry?"

"Well," replied Barrymore slowly and distinctly, "as far I should judge, where honor and labor are concerned I would never enter into the question."

### Ohio Supreme Court Sustained Law.

COLUMBUS, April 11.—The supreme court decided in favor of the state in the cases against the Tontine Security company and the Diamond Contract company, whose agents were arrested at Cleveland, last summer. They had failed to deposit with the treasurer of state the \$25,000 required of such concerns. Both are ousted from the right to do business in Ohio.

THE NEWS REVIEW

# THE EVENING NEWS REVIEW.

51TH YEAR. NO. 256.

EAST LIVERPOOL, O., WEDNESDAY, APRIL 11, 1900.

TWO CENTS

## OLD COUNCIL'S OLD BUSINESS

**Electric Light Franchise Failed to Pass Under Suspension of Rules.**

## PAWNBROKER'S BILL PASSED

**After the License Fee Had Been Placed at \$100 Per Year.**

**ADJOURNED SINE DIE AT 9:40.**

Every member was present at the last meeting of the old council last night. A large audience was in attendance and each councilman wore a buttonhole bouquet, presented by Clerk Hanley.

The electric light franchise was placed on its second reading last night, but failed to pass under a suspension of the rules, Marshall, Fisher, Peach and Smith voting no on a motion to suspend.

The pawnbrokers' ordinance passed after Marshall had moved the license fee be placed at \$100 per annum. Ashbaugh, McHenry and Fisher voted no on the fee question and McHenry, Fisher and Smith voted against the passage of the ordinance.

An ordinance fixing grade lines on Spring street, Rigby's addition, was passed. This ordinance was referred to the street committee Nov. 22, 1898.

The ordinance to pave Fourth street from Market street to West alley was passed.

Pleasant street residents asked that the street be graded from Sheridan avenue to Lisbon street. The engineer and clerk will investigate to find out the tax valuation of the property to be improved.

East Liverpool Land company asked permission to pave Vine street through their property. It was referred to the street committee.

The auditing committee reported finding the books of the clerk and treasurer, street commissioner, water works and mayor to be correct.

The sewer commissioners were given \$2,000 on motion of Smith. Marshall didn't vote, as he wanted to know how council stood with the commissioners. Seckerson voted no.

Smith, McHenry and Fisher will act as a committee to confer with the Crockery City Brewing company to see if they can't settle that old bill for building the culvert on Tanyard yard.

A resolution to increase the salary of Clerk Hanley to \$780 per annum, or \$65 per month, was passed unanimously.

The Central District Printing Telegraph company accepted their new franchise and filed a bond for \$5,000. The finance committee will see if the bond is correct.

John Ryan was awarded the contract for paving Drury lane. He bid \$1.15 per square yard for paving and 83 cents per cubic yard for excavating. H. S. Rinehart bid \$1.18 per square yard for paving and 35 cents per cubic yard for excavating.

Clerk Hanley presented an abstract of the votes cast at the recent election, and stated that the mayor and marshal had been sworn in and had filed their bonds. He also said the assessors had filed their bonds.

The pay ordinance passed and no

mention was made of the Grim-Whan bills.

The old council adjourned sine die at 9:40, and a vote of thanks was tendered to the retiring president, Mr. Peach.

## SOME NEW LOTS.

**Caused the Members of Council to Discuss an Old Ordinance That Is Not Enforced.**

Last night a plat of some lots of I. Bentley Pope was presented to council for approval. The lots are in McKinnon's addition, and Engineer George stated that some people wished to build. Marshall moved that the plat go back to Engineer George and he be given instructions to establish the grades on the streets as the ordinance requires. George remarked that the ordinance required that the streets be graded, but council had never enforced it. Marshall said it ought to be repealed then, but Solicitor McGarry remarked that it would be a better plan to enforce it. The matter ended in George getting the plat with instruction to establish the grades.

## STREET WORK.

**It Cost \$6,493.78 to Care For the Streets During the Year.**

Street Commissioner Bryan made the following report of his work during the past year: Warrants drawn from the city for work done amounted to \$6,493.78, divided as follows: April, 1899, \$347.24; May, \$549.37; June, \$512.25; July, \$539.49; August, \$805.67; September, \$645.71; October, \$579.47; November, \$713.99; December, \$521; January, 1900, \$372.06; February, \$401.25; March, \$325.87; for East End street work in June, \$180.41.

The report includes the salary of the street commissioner, but does not include lumber, sewer pipe, tools and all labor done under his direction.

## CHANGED THE NAMES.

**A Number of Streets Will Receive New Titles When the Ordinance Passes.**

An ordinance was introduced in council last night to change the name of Maple street to Maplewood avenue; Elm street to Elmwood avenue; Chestnut street to Mulberry street; Hill road to Pennsylvania avenue; Washington street, Jethro, to Colenso avenue. The reason for changing the name is that more than one street in the city has the same name, and it is often confusing to the people.

## Realty Transfers.

Lisbon, April 11.—(Special.)—The following transfers are recorded:

O. H. Bates, executor of Christian Betz, to Jonas B. Campf, 111 94-100 acres, Salem township, \$3,470.14; Priscilla M. Keets et al. to Hannah S. Haviland, 5 12-100 acres in Salem township, \$250; Priscilla M. Keets et al. to Elba John, 100 acres in Salem township, \$3,958.

## A Veteran Miner.

H. T. Fisher, of Tombstone, Ariz., who has been here for several days visiting friends, left for the east this afternoon. He is interested in the mining industry in that state.

## Davis Went East.

Joseph T. Davis, of New York, who has been here for some time forming a compact among the potters, left for the east at noon.

**Ex-Consul Macrum Denounces That Story of Young Hay, Cabled From Pretoria.**

## THE PROOFS WERE ON FILE

**And Are There Yet If Not Abstracted Therefrom—Macrum Says He's Becoming Tired**

**OF BEING SLANDERED DAILY.**

Hon. Charles E. Macrum, ex-consul to Pretoria, South African Republic, seen this morning regarding the statement that Consul Adelbert Hay had failed to find any evidence of the consular mail being tampered with during Mr. Macrum's stay at Pretoria, said:

"While I do not take much stock in newspaper reports, this is such a palpable perversion of the truth that it is impossible to allow the matter to pass unnoticed, as it seems to have come from the state department. This statement is on a parallel with the malicious misrepresentations which came from the same department before I reached this country. If proofs of all my charges are not on file at the consulate in Pretoria, it is because they have been wilfully abstracted therefrom.

"In short I want to say that the statement published today is a lie, nothing more or less. I have been slandered and maligned until I have become tired of it."

## MRS. ROXY ANN TAYLOR.

**Funeral Services Held at Her Late Home Today Were Largely Attended.**

The funeral services over the remains of Mrs. Roxy Ann Taylor were held at her late residence on Jackson street this afternoon at 2 o'clock. The services were largely attended, and Dr. J. C. Taggart and Dr. Clark Crawford officiated. Interment was made in Riverview cemetery.

The floral tributes were many and very beautiful.

## Hon. C. C. Baker.

Alliance Star.

Mr. Baker is to be warmly congratulated upon his excellent run in both Columbiana and Stark counties. No higher compliment, except the actual nomination, could be given him than such an assurance of the confidence and esteem of the people who know him. Although he "fell outside the breastworks," he is too good a soldier to sulk in his tent when the battle is on.

Now let the Eighteenth district convention honor itself by electing Hon. C. C. Baker one of the delegates to the Republican national convention.

## River News.

The marks at the wharf this morning registered 10 feet and stationary. The Kanawha went south last evening and the Queen City is due down tonight. The Lorena is due up tomorrow. The city of Pittsburg went south early last evening with a good trip.

## PROVED FATAL.

**DON T. MOWEN DIED FROM HIS INJURIES LAST NIGHT.**

**Pathetic Scene at the Deathbed—Dying Youth Admonishes a Companion.**

Don T. Mowen died at the home of his uncle, William C. Randall, on Virginia avenue, last evening at 6 o'clock, as a result of the wound he received yesterday morning. Although he received the best medical attention his life could not be saved.

Services will be held at the house on Virginia avenue, this evening at 8 o'clock, Rev. J. W. Gorrell, of the Christian church officiating. He will be assisted by the several East End ministers. The remains will be taken to Deerfield, his former home, tomorrow morning for interment.

A pathetic incident occurred at the bedside of the young man yesterday afternoon. He was conscious that he would die, and speaking to one young man, said: "Death is not what I thought it was. Have no fear whatever. But before I go there is one thing I want you to promise me, and that is that from now on you will be a Christian."

The young man made the promise, and soon afterwards young Mowen sank into unconsciousness.

## THE LATE CITY SOLICITOR

**Attorney McGarry Has Faithfully and Conscientiously Served His Constituents.**

Attorney M. J. McGarry has the right to take just pride in the performance of the duties which he has sworn to perform during the past two years in his position as city solicitor of East Liverpool. The records, which speak louder than words, will show, beyond successful contradiction, that, to a very large extent, he has sacrificed popularity to a strict sense of justice, in his endeavor to protect the best interests of this city and the welfare of her citizens. The late election demonstrated the fact that Mr. McGarry has a solid following of staunch friends in East Liverpool—friends who have stood by him in the past and who will stand by him in the future. Mr. McGarry has come up from the ranks, from among the toilers. He was an earnest student in his efforts to acquire legal knowledge, and success has crowned his efforts. He is an indefatigable worker, believing that it does not pay to be slothful in business. Best of all, he is but a beginner, having talent, youth, energy and perseverance upon his side of the ledger, and we predict for our young townsman solid and lasting success in the profession he loves so well, and which he has chosen for his life work.

## Entries Coming In.

George H. Hale, of East End, this morning received word from W. H. Stevenson, the one-armed bicycle rider of Detroit, stating he would be here to take part in the races May 30. Indianapolis also sent entries.

## Measles.

Yesterday afternoon a case of measles was reported to the health department and the house was promptly quarantined. The case is at the home of William Tower, Chester avenue.

## Typhoid Fever.

Lida Akens, of Hailes street, is ill with an attack of typhoid fever.

## NEW MEMBERS WERE SWORN IN

**Arnold, Cripps, Nice, McLane, Heddleson and Marshall Councilmen Now.**

## MAYOR DAVIDSON PRESIDED

**The Monday Night Caucus Appointments Were Ratified Unanimously.**

## MARSHALL'S NEW COMMITTEES.

Mayor Davidson called the new council to order last night at 9:50 o'clock, and the new members, Cripps, Marshall, Nice, McLane, Arnold and Heddleson, were sworn in.

Nice nominated Marshall for president and he was elected unanimously. In taking the chair the new president made a very short speech, and, thanking the council for the honor conferred upon him, said he would endeavor to the best of his ability to fill the chair and rule impartially.

Peach nominated J. T. Smith for vice president and he was chosen unanimously.

Council then made the following appointments:

For members of the board of health—Dr. W. T. Norris and Dr. W. E. Mowen.

For members of the board of equalization—Smith Fowler and George Grosshans.

Mayor Davidson then presented his list of appointments, and they are as follows:

Police officers—Michael Mahoney, C. H. Morris, Clifford Dawson, Charles Gill, Willis Davidson and H. W. Aufderheide.

Fire chief—H. C. Morley.

City engineer—J. A. George.

President Marshall then announced his committees. They are as follows:

Finance—Cripps, Peach, Smith, Fisher, McLane.

Claims—Smith, Heddleson, Nice.

Street—Peach, Arnold, Nice.

Police—Nice, McLane, Cripps.

Fire—Fisher, McHenry, Arnold.

Light—McLane, Heddleson, Arnold.

Wharf—Heddleson, Cripps, McHenry.

Rules—McHenry, Peach, Fisher, Smith, Marshall.

President Marshall then remarked that the people on Bradshaw avenue would like to see the new street committee.

Clerk Hanley stated that he had received several bonds of city officers. They were referred to the finance committee and council adjourned.

# SUBURBAN NEWS.

## EAST END. SOUTH SIDE.

It was stated upon reliable authority yesterday afternoon that the gas plant, located in the hollow east of the plant of the Potters' Mining and Milling company, would be moved from the suburb to Chicago. Since the plant was erected it is estimated that in the neighborhood of \$100,000 has been expended in making experiments. Some important discoveries have been made in the making of gas from the ideas of the promoters of the works, but about these no one connected with the company will talk. The object of the promoters has been accomplished, and they are well pleased with their work.

The household effects of C. W. N. Young were shipped to Allegheny yesterday afternoon on the local.

There is much activity about the new school building on Erie street, and it will not be long until work on the walls will be begun. The brick work for the furnace has been started, and some parts of the furnace have been placed in position. The men who have charge of this work represent the firm which made the furnace. Several carpenters are also at work on the building.

Mrs. McDade, of St. George street, who has been quite ill for several weeks, is recovering.

A small child of Mrs. Henry Riley, of Dixonville, who has been under the care of a physician for several weeks, is recovering.

The men who attempted to secure the new Knowles China company to locate the pottery they intend to build in Chester in this part of the city, have not given up their work, and they are negotiating for the erection of another factory in that end of town. Chief among those who are trying to benefit this part of the city by securing new factories are Dr. W. M. Calhoun and Councilman John Arnold.

The meeting at the Second Presbyterian church this evening will be in charge of the pastor, Rev. N. M. Crows. Prof. R. E. Rayman will also address the meeting. Tomorrow evening the services will be in charge of Rev. W. M. Glasgow, of Wellsville. At 2:30 o'clock tomorrow afternoon there will be a special meeting, at which Rev. S. J. Boyle, of Martin's Ferry, will preside.

The retail price of oil in the suburb is decreasing rapidly, and if the prices continue to be reduced the consumers will be able to buy it for a song. The present quotation is eight cents a gallon, where a month ago the prices were 15 and 18 cents a gallon.

Assistant General Passenger Agent Fred. D. Sankey, of the Pennsylvania lines west of Pittsburg, was on the Southside yesterday inspecting the Rock Spring park. Mr. Sankey said that a number of picnics and excursions would probably be run to Chester during the summer, and picnics were now being booked.

Rapid progress is being made on the 15 new houses Charles A. Smith is erecting on the Southside Land company's addition. The foundation for the fourth house has been finished and the second house is about ready for the roof. It will not be long until the entire set of houses are completed.

Garrett Mercer, who has been ill for several days, is able to be about his work.

Joseph Metz, of Highlandtown, spent yesterday in Chester calling on his many friends. He returned to his home last evening.

The construction force of the telegraph company have about finished the work of erecting the poles along the extension. The linemen have been working in the vicinity of Congo for the past few days and they will reach Chester before long.

The sale at A. S. Johnson's farm, near Asbury chapel, yesterday afternoon, was well attended. Most everything was sold, and at a good price.

J. W. Brunson, who intended to move his family to the Southside this week, will be unable to do so until the first of the month. The family will occupy a house on Carolina avenue.

A sale will be held at the late residence of Mrs. Ruth Huff one week from tomorrow.

Frank Oliver has commenced the erection of a new frame residence.

Travel on the Southside cars was very heavy yesterday.

Mrs. Christian Allison, who injured her foot several weeks ago by the breaking of a step, is recovering.

The ground for the pottery to be erected by the Knowles China company was staked off yesterday. The plant will be built on the east part of the C. A. Smith addition, near the Kinney farm.

### ANOTHER DAMAGE SUIT.

George Knowles Says His Property on Avondale Street Has Been Damaged.

At a meeting of council held last night George Knowles presented a bill for \$463.35 for damage to his property on Avondale street by reason of a change in the grade. The bill was referred to the new solicitor who will make a report at the next meeting.

### JR. O. U. A. M. SOCIAL.

Pride of the East Council, No. 8, Jr. Order United American Mechanics, will give a social on Thursday evening, April 12, at their hall for members of the order and their ladies.

### ENGINEER GEORGE

Will Have to File a Bond This Year for the Faithful Performance of His Duty.

Marshall introduced an ordinance in council last night amending the ordinance creating the office of city civil engineer. The amendment says the engineer shall employ such assistants as the council may name and provides for a bond. Marshall suggested that the bond be placed at \$5,000, and said that was the only change in the old ordinance. He said the object of the ordinance was to hold the engineer responsible for any change in the grade of streets after it had been fixed by council. He said it would prevent many of the damage suits that council has to contend with, as the testimony in several of the past cases had made it look as though the grades had been changed after they had been established. The ordinance will do away with the changing of grades, even if a new grade will make a nicer street. The ordinance passed under a suspension of the rules, but McHenry and Smith voted against it.

### BUILDING INSPECTOR.

Cain Introduced an Ordinance Creating a New Office and Defining the Duties of It.

Last night at the meeting of council Cain introduced an ordinance creating the office of inspector of buildings and public safety. The ordinance provides that he shall be appointed by council for one year, but the amount of his salary was not named in the ordinance. He shall give a bond of \$1,000, with two sureties, shall be an architect, boss builder, foreman or journeyman with no less than 15 years' experience, and shall have an assistant when council deems it necessary. He shall have an office in city hall and keep a record of all transactions, permits issued and a statement of the class and description of every new building shall be filed annually with the council. He shall at all times note where buildings can be made more safe and shall keep an accurate record of all monies received by his department. The ordinance was permitted to go over to its second reading without comment.

### AFTER THE OPERA TRAIN.

After the Opera Trains From Pittsburg via Pennsylvania Lines.

During the grand opera season in Pittsburg, April 16, 17 and 18, special train arrangements will be made for the return of persons attending from New Castle, Steubenville and intermediate stations on the Pennsylvania lines; also from Wellsville, East Liverpool and stations on the Cleveland & Pittsburg division.

On the above dates train No. 341, which leaves Pittsburg union station at 12 o'clock, midnight, city time, for Cleveland, and train No. 47, which leaves the union station at 11:40 p. m., city time, for Steubenville, will be held until after the opera.

### COMING ATTRACTIONS.

Rentz-Santley Burlesque.

The premier in burlesque, the famous Rentz-Santley company, are announced for an appearance here tonight, April 11, at the Grand opera house.

"A Black Sheep."

Next Thursday evening will be one of merriment at the Grand, when Charles Hoyt's funniest concoction of melody and mirth will be presented. "A Black Sheep" is the quaint title, and it is said to be the brightest and breeziest of all this popular author's attempts.

## Do Your Limbs Ache?

Do you have any of the pains or fevers that give warning of the approach of rheumatism? Take TONGALINE in time. It will cure the worst cases of chronic rheumatism, but it is better to take it to prevent than to cure. For any pain or ache that cannot be accounted for TONGALINE is the best remedy. It has been prescribed for such pains by physicians for twenty years.

### WOMEN WHO WORK.

St. Louis, Mo., Aug. 12.  
Though only 19 years old, I suffered from pains and female troubles two years. Last spring I got so bad I had to quit work. I had to support myself, and could not afford a high-priced doctor. I got one bottle of Wine of Cardui and that made me feel better. Have now used several bottles and am well. My mother used the Wine for Change of Life and was greatly relieved.

MISS MARGARET WALSH.

# Wine of Cardui

Many girls and women find it necessary to earn their own living in various kinds of employment. Their work is often so hard and confining that the health breaks down. Their delicate constitutions are unfitted for tiresome tasks. Weakness nearly always makes its appearance in the peculiarly delicate womanly organs. Constant standing on the feet, and coming and going at the beck of a superintendent or foreman, induces falling of the womb, leucorrhoea, headache and backache. The pay of women workers is often so notoriously small that when sickness comes they have no money to engage skillful physicians. To them Wine of Cardui is truly a blessing. It cures them of their ills at a small cost, and they can act as their own physicians. No doctor can do as much for "female troubles" as Wine of Cardui.

# CITY ENGINEER'S ANNUAL REPORT

Shows That During the Past Year  
\$40,000 of Street Paving  
Was Done.

## CONDITION OF THE STREETS

Many Half Worn Out Because of  
Wear and Tear and Plumbers'  
Picks—Remedy Needed.

## THE VARIOUS IMPROVEMENTS.

Engineer John A. George's annual  
report presented to council last night  
was as follows:

To the Honorable Council:  
Gentlemen—I herewith submit for  
your consideration the report of the  
work done under the supervision of  
the engineering department for the  
year ending March 31, 1900. The fol-  
lowing table shows the streets im-  
proved and completed during the  
year, with the cost of the same as  
per contract price for the same:

	Total Cost.
Bradshaw avenue .....	\$ 3,237 49
Pennsylvania avenue .....	11,995 08
Basil avenue .....	2,370 28
Spring street .....	2,690 97
Franklin avenue .....	4,347 55
Lisbon road .....	3,631 35
Grant street .....	3,493 42
Bank street .....	4,453 42
West Market street.....	1,463 25

Total .....\$37,682 91  
"The square yards of roadway pav-  
ing now laid in the city," continues  
the engineer, "will more than equal  
eight miles in length, with an aver-  
age width of 30 feet; but as in many  
parts of the city the width of paved  
part of the roadway is much less than  
30 feet, it is possible to travel within  
the city limits much more than eight  
miles (possibly 16 miles) on paved  
streets, the advantages and conven-  
iences of which are appreciated by  
all.

### The River Road.

"The River road leading to the East  
End still remains in a condition that  
falls far short of satisfying the de-  
mands of public travel. At several  
points along the said thoroughfare the  
roadway is so contracted as to be  
not only exceedingly inconvenient,  
but even dangerous to travel. At the  
power house, and at Ralston's cross-  
ing the road should be widened in  
order to afford teams a reasonable  
chance to pass without being held  
up by each other, as well as by the  
street cars. Ralston's crossing is an  
exceedingly dangerous place, as it is  
impossible to see an approaching  
train until one is nearly on the track.

### The Hill Road.

"While the condition of the 'Hill'  
road to the East End is better than  
in former years, yet it would hardly  
be fair to call it a good road, as parts  
of the said thoroughfare are always  
in a bad condition, and at some parts  
of the year become well nigh impos-  
sible. The East End is growing rap-  
idly, and as a consequence the travel  
is ever increasing. It would be well  
if it could be put in the proper con-  
dition to afford easy and rapid trans-  
it between the two main parts of  
our rapidly growing city.

### Calcutta Road.

"It would be well if the improve-  
ment of Calcutta road could be pro-  
ceeded with at once, as the street car  
company are about to commence  
laying their tracks, and the street  
should be graded to the proper width  
before any tracks are laid."

### Sewers.

The following shows the amount of  
sewers constructed in sewer district  
No. 2:

Twelve-inch iron pipe, 668 line  
feet; 12-inch terra cotta pipe, 2,662  
line feet; 10-inch terra cotta pipe, 700  
line feet; 6-inch terra cotta pipe, 4-  
266 line feet; 4-inch terra cotta pipe,  
510 line feet; making a total of all  
kinds of 8,806 lineal feet.

### Expenditures.

Iron pipe and lead.....	\$ 749 48
Terra cotta pipe .....	501 38
Bricks for manholes .....	100 50
Cement and lumber .....	297 89
Manhole steps .....	59 00
Castings .....	25 00
Cost of construction .....	3,288 89

Total .....\$5,032 14  
In sewer district No. 1 there have  
been laid 1,400 line feet of 6-inch ter-  
ra cotta pipe on Thompson avenue.  
Storm Water Sewers.

Twenty-four-inch terra cotta pipe on  
Bradshaw avenue, 432 line feet; 24-  
inch terra cotta pipe on Trentvale  
street, 200 line feet; 24-inch terra cot-  
ta pipe on Oblique street, 400 line  
feet; 15-inch terra cotta pipe on  
Bradshaw avenue, 8-inch terra cotta  
pipe on Maple street and Pennsylvan-  
ia avenue, 1,108 line feet; 6-inch ter-  
ra cotta pipe on Trentvale street, 330  
line feet; making 2,470 lineal feet in  
all.

"By footing the various amounts  
of each kind of pipe laid, it will be  
seen that we have constructed very  
nearly two and one-half miles of sew-  
ers. In a very short time we will  
have the trunk sewer connected with  
the sewers that were put down in  
the summer, in streets that were oth-  
erwise being improved, which will  
give relief to a large portion of our  
city now suffering for lack of sanitary  
drainage.

### West Market Street Sewer.

"The West Market street sewer  
does not work in a satisfactory man-  
ner, and it requires constant vigi-  
lance to prevent it from flooding cel-  
lars. The sewer as now constructed  
is almost level, and it is costing more  
to care for it than it would to build  
a new one. The sewer should be re-  
constructed and placed deeper in the  
street, and its course reversed and  
made to connect with the new trunk  
sanitary sewer, which is the natural  
outlet.

Storm Water Sewer from the Diamond  
"As now arranged all the storm  
water that collects in the Diamond  
is conveyed across Sixth street by  
means of drains constructed of curb-  
stones covered with metal castings.  
These drains are constantly clogging  
up and the casting covers are more  
or less of an annoyance to travelers.  
A better way would be to take the  
storm water under ground by means  
of sewer pipe into Tanyard run, the  
water could be dropped into the sew-  
ers at the corners of the Diamond  
and Sixth street, and with the pres-  
ent drains removed the street could

### The French Workman.

The French workman is the creature  
of the street for the sense of the joy  
of life and the creature of the home  
and the workshop for the sense of the  
hardship and sometimes of the sorrow.  
Fashioned as he is in this way, two  
outside forces contend for the posses-  
sion of him. The question of ques-  
tions is, "Will he take his guidance  
from the recognized agencies within  
the law or from the agencies of re-  
volt?" The state and also, as we have  
seen, the church offer him all sorts of  
bribes and bonuses to consent to work  
in their way. They recognize his trade  
and self help societies. They try to  
get him to the altar as a devotee and  
to the urn as a voter. But he has  
heard of Utopias, and he longs to have  
one more struggle for absolute perfec-  
tion at short notice, though he may  
have to lay down his life in the at-  
tempt.

The key to modern French history is  
to be found here. Every political  
movement has to be a compromise be-  
tween the aspirations of the faubourg  
and the world as it wags. The French  
workman has been bred in the belief  
in revolution as a recognized agency  
of progress and by instinct and habit  
he loathes second best. The old order  
offers him the churches, the thrift and  
benefit societies, co-operation, insur-  
ance against accidents, education, tech-  
nical and other—the old political econ-  
omy, in a word, and the paternal state.  
The new whispers socialism, the com-  
mune, anarchy sometimes and with  
these the barricade.—Richard Whiteing  
in Century.

### Misunderstood Patriotism.

Professor Alfred B. Adams of New  
York was a soldier in the civil war and  
took part in the Red river campaign  
under Major General Nathaniel T.  
Banks.

"At one place," he said recently to  
one of his classes, "we surprised a  
southern garrison and took many pris-  
oners. They were guarding a moun-  
tain of cotton bales which were in-  
tended for shipment to Europe on ac-  
count of the southern government.  
General Banks promptly confiscated  
the cotton and transferred it to his flo-  
tilla. Each bale was stenciled 'C. S.  
A.' and over this the northern soldiers  
with marking brushes wrote in huge  
characters 'U. S. A.' I was on guard  
at the time, and one of my prisoners, a  
handsome, bright eyed young southern  
officer, said, 'Yank, what's that writing  
there?'"

"I looked proudly at him as I replied:  
'The United States of America over the  
Confederate States of America. Can't  
you read—U. S. A. over C. S. A.?'"

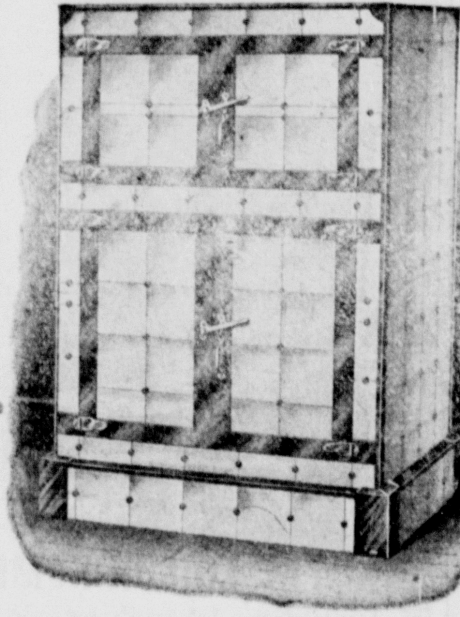

"He looked at me quizzically.  
"Thank you," he said. 'Do you know,  
I thought it was United States of  
American Cotton Stealing Association.'  
"The next question he put to me I  
didn't answer."—Saturday Evening  
Post.

### Baths and Fatigue.

Professor K. Beerwald says that  
when the body is fatigued or the brain  
has been overtaxed by excessive men-  
tal work it is very wrong to take a  
cold bath. Such a bath excites, he  
says, and if we add this to the already  
excited state of the body the result  
seems rejuvenating for the moment,  
but very soon the tension becomes too  
great, and the body cannot be forced  
to do more work.

According to the professor, a warm  
bath is the only kind to be applied  
when one wishes to recover from  
fatigue, and the longer a tired body  
remains in a bath of, say, 70 degrees  
the quieter become the strained nerves  
and the easier follows the sought for  
rest.

In the morning, after a good night's  
rest, a cold bath is very invigorating,  
but at no time during the day, if the  
nerves are strained, should it be re-  
peated.

### To "Sock."

This word is in constant use in  
Northamptonshire, England. It has  
two meanings, one being "to throw,"  
e. g., "I'll sock a stone at you." A fa-  
vorite diversion among boys is "sock-  
ing" birds. They proceed along the  
hedges, one boy or more on each side,  
all armed with stones, with which they  
unmercifully pelt, or "sock," any poor  
bird they come across. The other mean-  
ing of the word is "to beat or to clout,"  
e. g., "I'll fetch you a sock o' the ear-  
hole."

I have known "sock" in this connec-  
tion all my life, and it is sometimes  
now used here. "I'll sock b'm," "I'll  
give him bellsock," "He got a good  
socking" are common forms. A for-  
midable fighter is called "a bellsock-  
er." "Sock" is common when speak-  
ing of "thrashings" given and taken.

"To give one socks," meaning "to  
give one a good beating," is in common  
use in East Anglia. And so is "pull  
up your socks" for "make haste" and  
"set to work."

A stone in the heel of a sock or stock-  
ing is a well known extempore life pre-  
server or taker.—Notes and Queries.

### A Lost Ad.

Ben Inprint—Say my wife, Mrs. Ben  
Inprint, and two children, Lucy and  
John, are away on a visit to her Uncle  
Ebenezer's, down at Cedar Valley. I  
join them over Sunday.

New Reporter (producing notebook)—  
Give me the names of the children  
again, please.

Ben Inprint—Goodness! Ye ain't go-

Perhaps Dewey is going to run on  
Mayor Jones' Non-Partisan ticket.

Many people are afraid if Dewey  
got the White House he'd transfer it  
to his wife.

When the new police force gets its  
clothes it ought to give a free street  
parade at noon.

No wonder the members of council  
are harmonious. The increase in  
numbers puts them closer together.

Everybody was throwing bouquets  
at everybody else at city hall last  
night. President Peach even present-  
ed one to Mayor Bough.

## ANNUAL REPORTS.

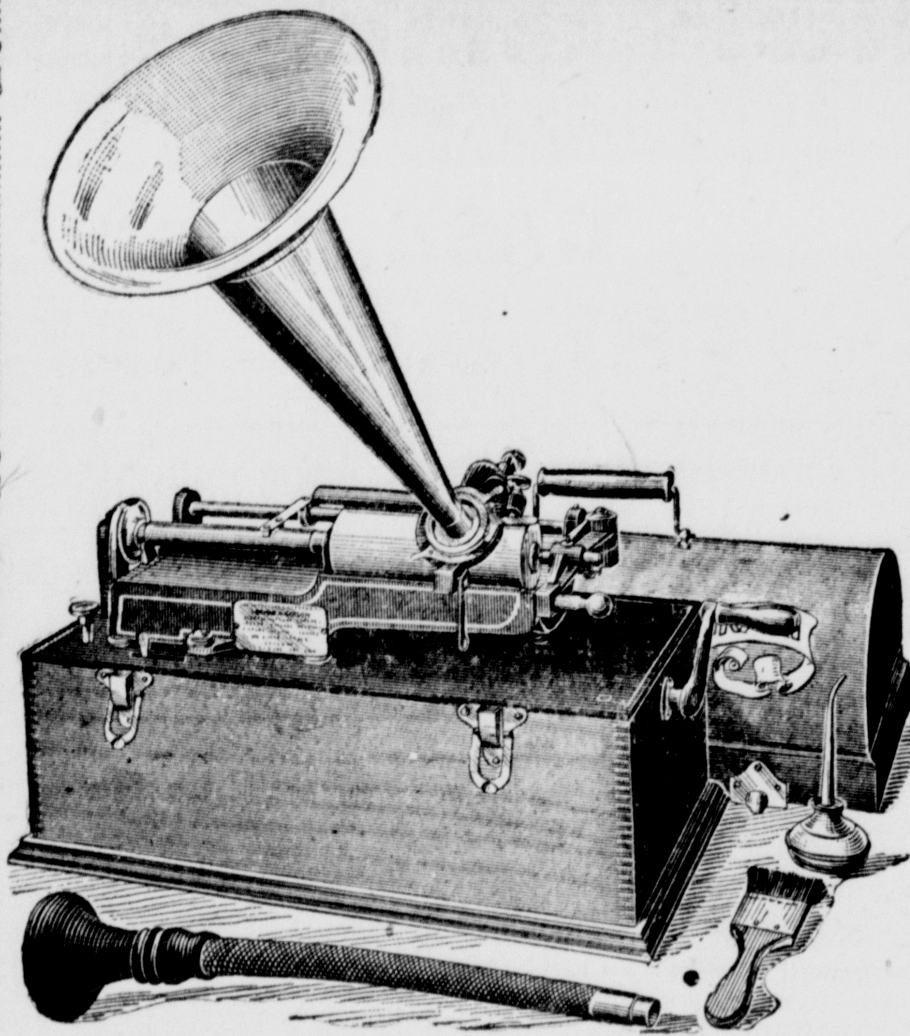

The annual reports of Mayor C. F.  
Bough, Fire Chief Morley, Clerk Han-  
ley and other city officials, presented  
to council last night, are well worth  
the space devoted to them in today's  
News Review. Every taxpayer will  
be interested in seeing just what  
was done with his money and in  
reading of the work accomplished  
by the various city departments. All  
the reports are creditable.

## HAPPY HARMONY.

"How sweet it is when brethren  
dwell together in peace and unity."  
This was wonderfully exemplified in  
councilmanic chambers last night,  
after the adjournment of the old and  
the formation of the new bodies. Not  
a ripple of discord. All went well  
as the marriage bell, and tranquility  
reigned supreme. Clerk Hanley had  
furnished button hole bouquets, and  
these sweet messengers of peace  
seemed to create harmony of body  
and soul.

## PAVED STREETS.

Engineer George's annual report  
shows that practically \$40,000 have  
been expended in this city during the  
past year for street improvements.  
This is a fine showing for a city of  
this size and one of which the public  
may well be proud. The engineer's  
remarks upon the wear and tear of  
the streets, showing that as much if  
not more damage is done by improv-

rigid regulation of this matter.

## THE FACTS ABOUT IT.

The present famine in India is the  
worst in the history of the country,  
exceeding even that of 1876. It af-  
fects an area of 300,000 square miles  
and a population of 40,000,000, while  
21,000,000 are indirectly affected. It  
is caused by two seasons of poor crops  
and the failure of rainfall last Octo-  
ber. There can now be no rain until  
September, and no new crop until that  
time, eight months distant. The gov-  
ernment has established relief works  
and poor houses by which 5,000,000  
natives are being given work. The  
rate paid has been four cents a day  
for a strong man, two to three cents  
for an ordinary man or woman and  
half a cent for a child. This rate  
has been cut down to two cents for a  
man and one and a half a day for a  
woman. As the price of grain has  
of course risen enormously this pit-  
tance is entirely inadequate in many  
districts. The drain on England's re-  
sources in the Transvaal and the fall-  
ing off in revenue from taxation in  
India consequent upon the famine is  
given as the reason for the failure  
of the Indian administration to cope  
with the situation. Disease is follow-  
ing the famine, caused by hundreds  
of thousands being forced to subsist  
upon roots and wild berries, and the  
death rate has already passed the  
highest mark on record for any pre-  
vious famine.

## BREWER POTTERY SOLD.

Appraised at \$17,000 and Bought by  
Mortgagee For \$11,200  
Saturday.

Warren, April 10.—On Saturday af-  
ternoon the plant of the Brewer Pot-  
tery and Clay Manufacturing com-  
pany, which is now in litigation in  
common pleas court, was sold by S.  
F. Bartlett for Receiver Mungo W.  
Brownlee. The property was ap-  
praised at \$17,000 and was bid in by  
the mortgagee, A. J. McFarland, of  
Cortland, for \$11,200. The realty, per-  
sonal holdings and patent were sold  
separately for the following amounts:  
Realty, \$8,700; personal property, \$1,  
300; patent in brewer jug, \$1,200. By  
an oversight of the attorneys and  
judge, the January term of court was  
closed on Saturday before the sale

could be confirmed. Nothing can be  
done until the next term of court. It  
had been expected to go forward with  
operating the plant at once, but this  
retards it for some time.

### poten.

This wild west of Ireland is the nat-  
ural home of "poten," or illicit whis-  
ky. This is because the loneliness and  
remoteness of the spots chosen for  
making it, almost inaccessible through  
the mountains and bogs save to those  
who know something about the coun-  
try, are all in favor of the smugglers  
escaping detection, while its network  
of mountain lakes and small running  
streams affords the necessary cold wa-  
ter for condensing the distilled fumes  
into spirit during the cooling process.

Dear beyond any "parliament whis-  
ky"—by which expression he denotes  
that sort which has paid the tax im-  
posed by the brutal Saxon government—  
is this fiery fluid to the heart of every  
true peasant son of Connaught, and  
daughter, too, for that matter, for the  
fair sex, especially if at all up in years,  
takes its fair share. And, in the inter-  
est of truth, it must be added that  
those who inhabit the coast counties  
from Kerry to Donegal, inclusive, are  
also fully alive to its seductive merits.  
Indeed, many doctors—local, of course  
—will tell you that well made poten  
is better in sickness than the adulter-  
ated whisky usually met with in the  
small public houses in this region of  
poverty, for in the Connemara country  
at any rate the illicit whisky is made  
of pure malt, though rumor has it that  
the less particular palate of Donegal,  
for instance, is satisfied with a fire

water mainly made from molasses, po-  
tatoes—aye, sometimes from almost  
any other rubbish you please.—Cham-  
bers' Journal.

### A Spelling Competition.

The other day Jones said to Brown,  
"I'll bet you anything you like you  
can't spell three simple words I'll give  
you within 20 seconds."

"I'll go you. What are they?" said  
Brown.

"Well, here goes," Jones said as he  
pulled out his watch. "Believe."

"B-e-l-i-e-v-e."

"Receive."

"R-e-c-e-i-v-e," again Brown spelled.

"Wrong!" said Jones.

"What?" exclaimed Brown in sur-  
prised tones. "I've spelled the two  
words you gave me correctly. I'm  
certainly not—"

"Time's up!" Jones said triumphant-  
ly. "Why didn't you spell the third  
word—w-r-o-n-g?"

### A Bit of the Colonial.

Ezekiel loved Mercy madly, but it  
was necessary, since they were colo-  
nial, to be very quaint about it.

"Wilt thou come and bake my  
bread?" asked Ezekiel accordingly.

"No," replied Mercy, with candor,  
"for I shall not need thy dough!"

From this we gather that Mercy was  
somewhat rich in her own right.—De-  
troit Journal.

# CHIEF MORLEY'S ANNUAL REPORT

The Fire Department Answered 44 Calls During the Past Year.

## CUM HOSE ATTACHMENTS

Caused 16 Fires and the Chief Recommends That Council Pass an Ordinance.

## DEPARTMENT POLICE RECORD.

At the meeting of council last night Fire Chief Morley presented the following report:

East Liverpool, April 10.  
To the Honorable City Council:  
I have the honor to submit to you as chief of the East Liverpool fire department our annual report for the year ending April 1. Alarms answered by the department are as follows: Central station 42, East End 2. There is a decrease of 20 calls over the previous year. Causes of fire where gum hose was used from gas jets and stoves for heating purposes, 16; roof fires, 9; chimney, 8, heaters, 2; electric wires, 7; paint, 1. At one alarm to which we responded our services were not required. At eight fires the large hose was used, and a total number of 9,500 feet was laid; Babcocks used, Central station, 15; East End, 1. The largest fire was the J. W. Young baby carriage factory on lower Broadway, and St. Stephen's Episcopal church. We have on hand the following equipment, all in first-class condition: At Central station, one Silsby engine, one Babcock aerial hook and ladder truck, one reserve hose reel, carrying 700 feet of hose, a total of 2,000 feet of hose; eight horses; two 3-gallon extinguishers.

At the East End station there is one wagon carrying 1,000 feet of hose, two 3-gallon extinguishers, two ladders and two horses.

Northside, one hand hose reel, carrying 500 feet of hose; total number feet of hose in all departments, 4,000, of which 3,500 feet are in good condition.

In the interest of the welfare of our city and to life and property, I would suggest that council pass an ordinance prohibiting the use of gum hose attachments. It will be seen that 16 fires resulted from this cause.

H. C. MORLEY,  
Chief.  
J. F. McCULLOUGH,  
Assistant Chief.

The police report of the department for the year is as follows: Patrol calls, 297; persons hauled to jail, 327; arrests by officers were: By Grim, 30; McMillan, 10; White, 25 calls 29 arrests; Mahoney, 20 calls 24 arrests; Whan, 12 calls 15 arrests; Johnson, 1; Moore, 1 call 3 arrests; Johnson (special), 1; Vanfossen 1; Powell, 2; Supplee, 1; Flest, 1; Davidson, 14 calls 16 arrests; Shepler, 1; Mayor Bough, 1 call 1 arrest; Wilson, 1 call 2 arrests; Carroll, 1. The firemen had 174 calls and made 189 arrests; ambulance calls, 55.

## NEW ADMINISTRATION.

BEGAN DOING BUSINESS THIS MORNING.

Chief Thompson Arranged the Beats of the New Officers.

Mayor Davidson and Marshal Thompson were sworn in yesterday afternoon by Mayor Bough, and this morning assumed charge of the city government.

Mayor Davidson did not have a case to look after and spent the day getting acquainted with the office. Marshal Thompson did the same thing.

The new officers were all sworn in and presented with the necessary articles that go with their jobs. The retiring officers returned what property they had that belonged to the city and the new administration started out in good shape.

Ex-Mayor Bough was a caller at city hall and assisted Mayor Davidson in getting initiated.

Marshal Thompson arranged the duties of the policemen so that there will be one man on from 6 a. m. to 6 p. m., two from 12 noon to 12 midnight and three from 6 p. m. to 6 a. m. By this arrangement there will be one officer on duty all day, three from noon until 6 o'clock, five from 6 o'clock to midnight and three all night. Marshal Thompson informed the officers that he did not intend to favor any of them and the beats would be arranged so that each officer would get two weeks day duty in a regular turn.

The police committee of council will meet Friday night and discuss the question of uniforms and some other details with the new police force. The new committee does not favor the long frock coat for a summer uniform, and will introduce an ordinance to permit the officers to wear sack coats during the summer. In all other respects the rules of the old police committee are satisfactory.

## MT. HOPE COLLEGE.

Final Effort Being Made to Save the Charter of the Institution.

Lisbon, April 11.—(Special.)—Judge Billingsley, of this city, and L. T. Farr, of Rogers, were in Columbus conferring with Attorney General Sheets concerning the suit pending in the supreme court at Columbus, to annul the charter of the Mt. Hope College company, of Rogers, on the ground that the company has violated certain provisions of its charter. They endeavored to bring about a successful adjustment of the case without proceeding to trial, and they held a long discussion with the attorney general, in which the troubles of the college were fully reviewed, claiming the institution is not to blame as much as is generally supposed. There seem to be well founded reasons now for the belief that the charter of the college will not be revoked after all.

## GEN. DEWET A VICTOR

Whipped British Force, at Meerkatafontein.

600 ENGLISH DEAD AND WOUNDED.

The Burghers Captured 900, Also 12 Wagons—Five Boers Were Killed and Nine Wounded—Roberts Said to Be Bothered by Scarcity of Water.

LONDON, April 11.—A dispatch to The Daily Mail from Brandfort, dated Sunday, says:

Yesterday General DeWet inflicted the third defeat of the British within a week at Meerkatafontein, killing and wounding 600. He captured 900, with 12 wagons, losing five Boers killed and nine wounded.

The Daily News has the following from Pretoria, dated Monday, by way of Delagoa bay:

"It is officially announced that a battle has been fought south of Bradford,

GENERAL BRABANT.

in which 600 British troops were killed and wounded, and 800 taken prisoner. "Lord Roberts is declared to be finding great difficulty owing to scarcity of water."

The Daily Mail publishes the following, dated April 10, from Lourenco Marques:

"The Netherlands Railway company professes to have received a telegram reporting a Boer victory near Kroonstad, the Boers capturing 900 British."

Commenting upon this, The Daily Mail remarked:

"There is a Meerkatafontein, about eight and a half miles southeast of Kroonstad, but if the report be true this can hardly be the place."

LONDON, April 11.—The Boer attack on General Brabant's force at Wepener was resumed again.

### DEFEAT OF COL. PLUMER.

A British Version of the Fight Near Mafeking.

GABERONES, April 11.—Col. Plumer, with 270 mounted men and a few infantry and one Maxim gun, arrived at Ramathlabama, where he left the dismounted men and proceeded along the railroad to within sight of Mafeking, on March 31. The advance guard, under Colonel White, encountered a large body of Boers and almost simultaneously the left and right flanks were attacked, and sharp fighting followed. The Boers were in crescent formation and outnumbered the British two to one.

They advanced with skill and stubbornness and persistently endeavored to encircle the British. After holding the ground for an hour Colonel Plumer retired, with the Boers slowly following him up.

The fighting continued throughout the ten miles' retreat to Ramathlabama, where the British Maxim gun was brought into play. After a stiff fight Colonel Plumer reached his camp. The British casualties were:

Killed, three officers and seven men; wounded, three officers and 24 men; missing, 11. The Boer loss was serious.

### THE BOER PEACE COMMISSION.

Empowered to Settle With British or Arrange a Truce.

NAPLES, April 11.—The Boer peace commissioners, Messrs. Fischer, Wolmarans and Wessels, arrived here and were welcomed by Mr. Muller, the representative of the Orange Free State, and Mr. Van Roeschoten, the secretary of the Transvaal legation at Brussels. They will remain here for some days. Messrs. Muller and Van Roeschoten went on board the Kaiser, and had a

long conference with envoys. It is asserted by passengers that the peace commissioners are empowered to open negotiations for an acceptable peace or for a truce, with a view to subsequent negotiations.

### Prisoners Reach St. Helena.

ISLAND OF ST. HELENA, April 11.—The Niobe and the Milwaukee have arrived here with the Boer prisoners. Their health is good, with the exception of four cases of measles, necessitating the Milwaukee being quarantined. The prisoners are quiet and well behaved. They were ordered well treated.

### WILL OBSERVE SUNDAY

Paris Exposition Authorities Permit United States Exhibit to Be Closed.

PARIS, April 11.—United States Commissioner Ferdinand Peck has consulted with the authorities at Washington respecting the question of Sunday opening at the exposition in this city, and has received a telegram saying that President McKinley desired that the American section should be closed on the Sabbath, as far as allowed by the French regulations.

At Mr. Peck's instance, the director general of the exposition has given the American commissioner special permission to close the American pavilion Sundays.

### MACRUM'S MUTILATED

### MAIL NOT FOUND.

Consul Hay Reported He Had Searched the Consulate and Found None, as Macrum Charged.

WASHINGTON, April 11.—United States Consul Hay, at Pretoria, responded to the inquiry addressed to him by the department respecting ex-Consul Macrum's charge that the official mail of the consulate was tampered with. Mr. Hay reports that after a careful search he has failed to find in the files of the consulate the slightest evidence to support the statement.

The consul further reported that there is absolutely no interference, so far as he has been able to ascertain, with any of the official communications, either telegraphic or mail, which pass between the department of state and the consulate.

### SIBLEY THE CHOICE FOR CONGRESS.

Had a Majority Over Stone in McKean County, Pa., Convention.

BRADFORD, Pa., April 11.—At McKean county's Republican convention, at Smethport, the total vote for the head of the ticket as officially counted, showed a majority of 1,170 for J. C. Sibley for congress over R. B. Stone, anti-Quayite.

The resolutions endorse President McKinley, Governor Stone, Senator Penrose and Congressman Sibley for their attitude on public questions, and express regret that the United States senate has refused a seat to Hon. M. S. Quay. Theodore L. Flood of Crawford county is endorsed for congressman-at-large.

### A Quay Convention Throughout.

BEDFORD, Pa., April 11.—The Bedford county Republican convention was a Quay convention throughout. Resolutions were adopted eulogizing President McKinley and Governor Stone and the nominees for the legislature were positively instructed to go into the caucus and support the caucus nominee for United States senator. Hon. John M. Reynolds was endorsed for congress by a vote of 53 to 27 for Thropp, the present congressman.

### By Votes of Democrats.

WASHINGTON, April 11.—The petition endorsing the actions of Governor Stuenkel and requesting that the federal troops be continued in Shoshone county, Idaho, which was signed by 1,388 reputable men and citizens of the Coner d'Alene district, was kept from the records of the investigating committee by the votes of the Democratic members.

### Indicted For Alleged Riot.

ALTOONA, Pa., April 11.—The grand jury, in session at Brookville, found true bills against one woman and 15 of the 30 men implicated in the trouble at the mines of the Berwind-White people at Horatio two weeks ago, and the accused will be placed on trial today for riot, surety of the peace and assault and battery.

### Jefferson Was Day's Guest.

CANTON, O., April 11.—Joe Jefferson was the guest of honor at a dinner given by former Secretary of State and Mrs. Day.

### Queen Took a Drive.

DUBLIN, April 11.—Queen Victoria took her customary drive in her chair in the vice regal grounds.

## BILL'S FATE IN DOUBT.

House Closely Divided on Porto Rico Measure.

A NARROW REPUBLICAN MARGIN.

Rules Committee Will Meet Today to Formulate a Special Rule—Debate on This Subject May Prevent a Vote on Measure Today.

WASHINGTON, April 11.—A meeting of the house rules committee has been called for today, when the question of a special rule fixing the time and duration of debate on the Porto Rico bill will be determined. If two hours on each side is allowed, the vote will come late in the day, if at all today, as considerable time will be spent in passing the special rule.

As to the final result of the fight, there continues to be much doubt and not a little anxiety on the Republican side, owing to the extremely narrow margin between the two sides.

Representative Long, the Republican "whip," said:

"There is too much doubt to venture a prediction. The situation is summed up thus: The Republican majority in the house is 19, there are eight Republicans against the bill, that leaves a majority of only three. It is an extremely narrow margin."

Representative Underwood, the Democratic "whip," said:

"We will have every man present except two sick in bed. There will be no Democratic votes for the bill. This will make the vote very close and we hope to prevent concurrence."

### SENATOR CLARK

### LOSES HIS SEAT.

Senate Committee Unanimously Votes Against the Montana Multi-Millionaire. Victim of Corrupt Politics.

WASHINGTON, April 11.—The senate committee on privileges and elections decided by a unanimous vote to recommend the adoption of a resolution declaring that Hon. W. A. Clark, of Montana, is not entitled to occupy his seat as a senator from Montana. The decision was reached after a two hours' sitting, at which all the members of the committee were present, except one. The absentee was Senator Caffery, of Louisiana, and he wired his vote in opposition to Mr. Clark.

There were many expressions in the committee favorable to Senator Clark from a personal point of view, and more than one senator gave utterance to doubts as to whether he had actual personal part in knowledge of the expenditure. Others expressed the opinion that the senator was in a certain sense the victim of environment and of habit. The outlay of money in past elections in Montana was dwelt upon as one of the explanations of the liberal expenditures in this case.

### DATE FOR A VOTE

### ON THE QUAY CASE.

The Senate, Without Objection From Any Source, Selected April 24—Tributes to Bland's Memory.

WASHINGTON, April 11.—Without objection from any source the senate agreed to take a final vote on the right of the Hon. M. S. Quay to a seat as a senator from Pennsylvania on Tuesday, April 24, at 4 p. m.

During its session the senate paid its tribute to the late Richard Parks Bland, long a representative from Missouri. The eulogies pronounced on the dead statesman were notable for their earnestness and eloquence.

### AGRICULTURAL BILL PASSED.

Free Seed Amendments of Corliss Were Not Adopted.

WASHINGTON, April 11.—The house of representatives passed the agricultural appropriation bill substantially as reported. An animated discussion arose over a series of amendments offered by Mr. Corliss of Michigan restricting the distribution of free seeds and free vaccine. Mr. Corliss maintained that the government distribution invaded the field of private enterprise. His various amendments failed, however, after extended debate.

An amendment by Mr. Latimer (S. C.) was adopted increasing the supply of "farmers' bulletins" issued by the agricultural department and distributed by congress.

### General Booth Congratulated.

LONDON, April 11.—The birthday of the Rev. William Booth, general of the

Salvation army, who was born at Nottingham, England, April 10, 1829, was signalized by the receipt of hundreds of congratulatory messages from all parts of the world and the presentation of a purse of \$200,000, as the result of the collections made during the self-denial week of the army just concluded.

### BANKING HOUSE FAILS.

Reinhard & Co. Suspend Business, at Columbus—Due to Persistent Adverse Rumors.

COLUMBUS, April 11.—The bank of Reinhard & Co., founded in 1865, suspended business and about the same time John G. and Henry A. Reinhard fled deeds of assignment to Thomas J. Abernathy, who qualified by giving bonds aggregating \$325,000. John G. Reinhard, cashier of the bank, made a statement, saying in part:

"The suspension was caused by persistent rumors, which have been afloat for about four weeks, reflecting on the financial condition of the bank and its owners. In one month's time our deposits have dwindled down from \$350,000 to \$98,000 and there were scarcely any new deposits. There has been a steady and systematic run on the bank for a month, and on Saturday and Monday the withdrawals were very large."

"Our inability to raise funds precipitated the suspension of the bank and the assignments. The assignments were made to protect the interests of our depositors, who will be paid dollar for dollar. Our assets are at least \$200,000 in excess of our combined liabilities."

### THREE-CORNERED WAR

### IN CENTRAL AMERICA.

Nicaraguans Land on the Isthmus—Colombians to Attack and Costa Ricans May Do So.

WASHINGTON, April 11.—It would not surprise officials here if the recent action of Nicaraguan filibusterers in landing on the Pacific side of the Isthmus should result in involving at least three of the Central American republics in difficulties.

It appears that the Nicaraguans have made a landing, though it is not clear whether their movement is directed against Nicaragua or Costa Rica. The party made its way to a place named David, near the boundary line between Costa Rica and Colombia, but within the lines of the tract of territory claimed by both nations.

The government of Colombia has taken steps to send a force against the filibusterers, assuming that they are on Colombian soil, and it is possible that the government of Costa Rica will do likewise. In that case there may be complications. Meanwhile, the cruiser Detroit has gone into the Gulf of Chiriqui, on the gulf side, but the nearest port of access to David, to safeguard American interests.

### FIVE NON-UNIONISTS INJURED.

Strikers Attacked Them While at Work in Chicago.

CHICAGO, April 11.—After about two weeks of comparative freedom from strife there was a renewal of rioting in the local labor war. At the new Marshall Field building, Adams and Clark streets, as well as at the scene of the excavations for the Western Electric building, at Jefferson and West Harrison streets, serious affrays took place, the combatants being union mechanics against non-union men, who had been put to work to fill the places of discharged trades unionists.

Five workmen, all said to be non-union artisans, were injured.

### The Messenger to Kruger.

NEW YORK, April 11.—Mayor Van Wyck greeted James Francis Smith, the messenger who is carrying a message of sympathy from the High school boys of Philadelphia to President Kruger, at the city hall. Smith leaves on the St. Louis today. He was accompanied to the mayor's office by a delegation of New York High school boys. Smith was selected at a meeting of the High school boys to carry the message to President Kruger.

### Anti-Oleomargarine Law Upheld.

COLUMBUS, April 11.—The supreme court handed down a decision sustaining the law which prohibits the coloring of oleomargarine in imitation of butter. The decision was in a quo warranto action against the Capital City Dairy company, of this city, which is ousted from its charter, granted under the laws of Ohio. The company will appeal the case to the United States supreme court.

### Dewey Still In the Race.

WASHINGTON, April 11.—Admiral Dewey said that the report published in a New York afternoon newspaper to the effect that he intended to withdraw his candidacy for the presidency was all a mistake, that he had never given any one whatever any such information.

## SHIP TO CARRY FOOD.

One Ordered Chartered For Trip to India.

## CORN FOR HUNGRY NATIVES.

Dr. Klopsch, Editor of the Christian Herald, Notified Naval Department He Had Gathered a Large Supply of Foodstuffs. Charles M. Pepper Also Interested.

WASHINGTON, April 11.—The navy department is doing all in its power to relieve the famine stricken people of India. Dr. Lewis Klopsch, of The Christian Herald, has notified the department that he has succeeded in collecting a large supply of foodstuffs, mainly corn, for the famine sufferers, and has appealed to the department to transport this supply to India.

Mr. Charles Pepper was at the navy department to urge speedy action in the matter and met with success.

Judge Advocate Lemly telegraphed Pay Director Deniston, in charge of the naval pay office at New York, to proceed with dispatch to ascertain the terms which he could charter a vessel to carry out to India the foodstuffs which he had collected at New York.

Dr. Klopsch also was telegraphed to put himself in communication with the pay officer in order to forward the work.

## TOWNE'S VIEWS NOW

### OF SPECIAL IMPORT.

Possibility of His Running With Bryan Make This Statement Especially Interesting.

DULUTH, Minn., April 11.—The possible candidacy of Charles A. Towne for the vice presidency on the Democratic ticket makes his views as to current issues of interest. Following is an extract from a statement made by Mr. Towne:

The principle on which the claims for bimetalism rested in 1896 is avowed by every standard political economist that has ever written during 2,000 years in any language or any country, and it is no abandonment of that principle to admit that circumstances may have temporarily obscured the importance of the question, either by a relaxation of the rigors of monometallism through increased monetary supplies, or by the appearance of other issues, which, because of their far-reaching importance, must claim first places in the interest of people until they are settled, and settled right.

There are no terrors for me in the detraction of either malevolent misrepresentation or ignorant malice. The Republican party has followed up its surrender to the banks in 1896 by as base surrender to the trusts, and above and beyond all else it has challenged the patriotism of the American people by laying an unholy hand upon the constitution and by proposing to divorce the flag from the glorious legends of liberty that have heretofore always waved upon its resplendent folds. I have not the slightest hesitancy in saying that all other questions must remain subordinate to this great problem of how to save the government of our fathers from its recent betrayal at the hands of the present day leaders of the Republican party.

### Caldwell Would Not Accept.

WASHINGTON, April 11.—Judge Henry C. Caldwell, of Arkansas, who has been extensively spoken of as a candidate for vice president, and who has received a great number of letters urging him to agree to accept that position in case it should be tendered him, has written a letter to Senator Jones, of Arkansas, who is his personal friend, saying that he cannot consent to such use of his name and that his resolution in this matter is absolutely irrevocable.

### Bryan Addressed a Large Crowd.

LOS ANGELES, April 11.—W. J. Bryan addressed a large crowd here. Ex-United States Senator S. G. White presided over the meeting. Mr. Bryan will attend a meeting of the Silver Republican state convention today.

### Ohio Naval Militia's Cruise.

WASHINGTON, April 11.—Captain Sutherland, in charge of naval militia affairs, has made up the itinerary for the summer cruises of the naval militia organizations of the state bordering on the great lakes. All of these are to be made on the old gunboat Michigan. She is ordered to be at Cleveland, or such other Ohio port as the governor of Ohio may select, on June 25, to instruct the Ohio naval militia for a period of seven days.

### Moore and Berry May Be Bishops.

DENVER, Colo., April 11.—Rev. Wheelan, of this city, published a signed article on probabilities to happen at the Methodist general conference, in Chicago, in May. He said general easter and western correspondence shows that Rev. Dr. David H. Moore, of The Western Advocate, and Rev. J. F. Berry, of

the Epworth Herald, are certain of a walkover for bishops.

## A DAY IN WALL STREET.

Movement of Prices Largely Represented Contest of Speculative Forces For Supremacy.

NEW YORK, April 11.—Movement of prices in Tuesday's stock market largely represented a contest of speculative forces for supremacy. The forces of reaction finally prevailed, and the market closed decidedly weak and at a level generally below Monday night's close.

The operators for a rise seemed to lose courage toward the close of the day and realizing in stocks which had shown strength was very general. These included stocks in the railroad list, particularly the Baltimore and Ohio stocks, Missouri Pacific and other southwestern railroads, Norfolk and Western and some of the coalers. The industrials and specialties were extremely active and irregular, under the influence of special causes. Sugar rallied sharply from an early decline on the announcement that the company's principal competitor had advanced the price of refined sugars to a parity. The stock sold off again with the general weakness of the market.

A further rise in sterling exchange to within a fraction of the gold export point led to a discussion of the prospect of an outward movement of gold. The continued ease of money here would favor such a movement, but the taking up of the installment of the British loan which stiffened Tuesday's money market in London, may be followed by a relaxation in money rates there and a sympathetic response in sterling exchange here.

The bond market was moderately active and price changes were irregular. Total sales, par value, \$2,200,000.

United States new 4s declined  $\frac{1}{8}$  and the old 4s advanced  $\frac{3}{8}$ , and the 5s  $\frac{1}{2}$  in the bid price.

### Chicago Wheat, Corn and Provisions.

CHICAGO, April 11.—Uncertainty over the government crop report, due Tuesday afternoon, and the prudence of a large short interest fearing it would be bullish, produced a dull but firm wheat market Tuesday. May wheat closed  $\frac{1}{4}$  @  $\frac{3}{8}$ c, May corn  $\frac{1}{2}$  @  $\frac{3}{8}$ c and May oats  $\frac{1}{2}$  @  $\frac{3}{8}$ c over Monday. Provisions were strong and active, closing from  $\frac{1}{2}$  to  $\frac{1}{4}$  higher for May ribs to  $\frac{1}{4}$  improved for May pork.

### Get-Rich-Quick Miller's Trial.

NEW YORK, April 11.—More than 50 employees of William F. Miller's get-rich-quick syndicate testified against him in his trial. The figures on the books showed this entry for one day: "Guesswork, \$69,000." Over \$1,000 a day was paid in commissions to persons bringing new customers. Rudolph Guenther, an advertising agent, testified that he had Miller's advertisement in 600 to 700 newspapers at one time and Miller paid him, from July 15 to Nov. 25, \$22,000 for advertising. Counsel for the defendant admitted that the amount of surplus belonging to depositors of the syndicate and now invested for their benefit and now due them is \$1,156,073.

### Maryland Miners to Strike.

FROSTBURG, Md., April 11.—A general strike of all the miners in the George's creek region has been ordered for tonight at midnight. Nearly 5,000 men are involved. The miners insist on an increase of 55 to 60 cents per ton of 2,240 pounds.

### For Pennsylvania Guard Encampment.

MOUNT GRENA, Pa., April 11.—Major William F. Richardson, keeper of the state arsenal at Harrisburg, with a large force of men, began clearing the big camp grounds preparatory to their occupancy, Aug. 4 to 11, by the division of the Pennsylvania state militia.

### Alex Surprised Them.

Alexander MacArthur, author of a successful study of life in the Latin quarter of Paris, which brought to the writer both popularity and profit, is also the pupil and biographer of Rubinstein. The author lived for two years in St. Petersburg, corresponding for the London press and taking part in some thrilling adventures, but the most singular of the writer's experiences happened in Chicago after the novel had been brought out by a publisher of that city. The book had been so successful that the publisher decided to give the author a dinner, to which a dozen of the leading men of letters in the lake city were invited. The guests had assembled when the author was announced.

Through the blue haze of smoke there appeared a handsome young woman attired in evening dress.

"We are expecting Mr. MacArthur," said the host, "Mr. Alexander MacArthur, the novelist."

"So I understand," returned the unexpected guest. "I am Alexander MacArthur."

"You?" gasped the publisher. "Yes. Didn't you know? I am Lilian MacArthur, at your service. I have been writing over the name of Alexander ever since I left my home in Dublin."

It was only the work of a minute to rearrange matters, and the dinner was a great success.—Saturday Evening Post.

### CRUISE ON RUSSIAN RAILROADS.

The Transsiberian railroad is very closely guarded, the management feeling personally responsible for the people they carry on their trains. The road is divided into sections of one verst, or five-eighths of a mile. In a neat little log house, usually in a garden, live the guard and his people. The average family is a wife and five tow-headed children. The houses were built by the company and evidently with a view to meeting the demands of increasing families. The guard or a member of his family must patrol his section night and day. He steps to the side of the track as the train approaches and after it has passed steps back into the middle of the track, holds a small green flag in the air, at night a lantern, and stands like a statue until the train has entered the next section. Several guards do duty in the heavy curves, and frequently they are only a few hundred feet apart.

Much of the track patrolling is done by women, who have proved fully as reliable as the men. The women are nearly always barefooted, and as they stand on the track holding the flag aloft, a Siberian breeze toying with their short skirts, they are fine subjects for a sculptor after a unique model.—Siberian Letter in Chicago Record.

## A PLUNGE TO DEATH.

SAM PATCH'S FAMOUS JUMP OVER THE GENESEE FALLS.

The Last of a Sensational Series of Daring Feats Which Might Have Resulted Differently but For a Bottle of Brandy.

Nov. 13, 1829, Sam Patch lost his life in jumping from a scaffold 25 feet above the brink of the Genesee falls into the abyss below. He undertook to jump in all a distance of 125 feet. Of course the whole population of Rochester as well as the farmers from neighboring villages were upon the scene. The fame of Patch had for several weeks been a topic of conversation among the early settlers.

Patch was born in Rhode Island in 1807. Soon after he removed to Paterson, N. J., at which place in 1827 he was seized with the jumping mania. After giving several daring exhibitions in New Jersey he decided to try his luck at Niagara falls two years later. In October, 1827, he jumped from a shelving rock between Goat island and the gurgling waters many feet below. A few days later he startled the natives by jumping from the old Fitzhugh street bridge at dawn. He swam under the water to a convenient hiding place, where he had much amusement in watching several boats crowded with people dragging for his body. They were startled when he called merrily to them, joking them for their wasted efforts in his behalf.

On another morning he startled a Rochester lad by jumping from the brink of the falls to the rapids below. If Patch had not reassured the boy, he would have had half of the population of Rochester dragging the water for his dead body.

With such a record it is no wonder that on the morning of Nov. 13 all the muddy roads leading to Rochester were thronged with people desirous of seeing the wonderful jumper. Even if farmers were unusually busy in securing the last of their harvests they found time to take a day or two off in order to witness the feats of Sam Patch. Several boats brought hundreds of visitors in holiday attire from Canada, Oswego and Lewiston. Buffalo, Canandaigua and Batavia were almost depopulated on account of the exodus to Rochester. The few taverns in the city turned guests away, and many had to camp out overnight.

Notwithstanding the raw, cold weather throngs of settlers lined the banks below the falls. Although Sam said he did not feel the cold weather, he was pleased to fortify himself with a drink of brandy tendered to him by his friend, William Cochrane. Several of the spectators contributed a unique uniform. Dressed in white trousers decorated with a black silk handkerchief tied around his body, surmounted by a light woolen jacket and skullcap, Sam must have presented a grotesque appearance.

After taking another drink from the flask Sam made the following speech to the thousands of breathless spectators: "Napoleon was a great man and a great general. He conquered armies, and he conquered nations. But he couldn't jump the Genesee falls. Wellington was a great man and a great soldier. He conquered armies, and he conquered nations, and he conquered Napoleon, but he couldn't jump the Genesee falls. That was left for me to do, and I can do it and will."

Although Sam Patch could jump the Genesee falls when he was sober, he could not do it when he felt the effects of the brandy. Owing to this fact he met his death when he took the jump. When the thousands of silent and horror stricken spectators saw Sam strike the water, they did not see him come to the surface. His descent was so unlike his previous efforts, when he shot like an arrow from a bow, that the spectators were certain that he met his doom when he reached the water and the jagged, piercing rocks beneath.

The spectators searched in vain for the jumper. The torches of the searchers along the river bank and those of the searchers who dragged the river in boats lit up the river during the long night hours. Amid the roar of the cataract the sorrowing multitude shed tears for the jolly good fellow who, like many others, loved his bottle on occasions.

Notwithstanding the rumors that Sam Patch had been seen alive in Rochester nothing was heard of him until St. Patrick's day, when his body was found in a cake of ice near the

mouth of the Genesee. His remains were buried in the cemetery at Charlotte. Although it had been the ambition of his life to jump London bridge, he met his death in the Genesee. The feats of Sam Patch filled the newspapers for weeks, and although such poets as Mrs. Sigourney wrote poems dedicated to his memory no monument has been erected in commemoration of his feats.

Indeed, the event produced a profound impression upon the people of those days. On the following Sunday the preachers in Rochester and neighboring towns could not say enough against the evils of jumping. Some even went as far as Josiah Bissell, who told the pupils of the Third church Sunday school that because they saw the fatal leap they were accessories to his death and were murderers in the sight of God.—Rochester Herald.

### What He Thought of It.

The following retort is recorded of Mr. Maurice Barrymore: Once at the Hoffman House, New York, an English stranger interfered with the conversation of a knot of friends by a long tirade against all things American. He finished by an attack on our spelling.

"Why, you can't even spell correctly in this confounded country! Honour, h-o-n-o-r; labour, l-a-b-o-r. What do you think of that, Barry?"

"Well," replied Barrymore slowly and distinctly, "as far I should judge, where honor and labor are concerned I would never enter into the question!"
